JONSERED

HIAB 75 YEARS

JONSERED 1200RS GRAB LOADER
SEE IT AT
TIP-EX 2019
30 MAY – 1 JUNE
HARROGATE
Stand MC19-MC21

CRANE OPERATORS

TEST YOURSELF AGAINST THE BEST OF THE REST

Use the JONSERED 1200RS to build-a-wall featuring the Hiab elephant.

The fastest and most accurate competitor will win a trip to the Hiab factory in Poland; where they will get the opportunity to see industry leading load handling equipment being built. Trip includes accomodation for one night. Runners-up will receive Hiab merchandise.

Turn up on the day, or register via email. Send your name, company and copy of operators license to: enquiries@hiab.com

All entrants must have safety boots and a crane operators licence to enter.

EXPERIENCE TOUGHNESS, RELIABILITY & DURABILITY

JONSERED 1200RS GRAB LOADER

HIAB, the leading provider of on-road load handling equipment, is demonstrating its urban grab loader – the JONSERED 1200RS – at TIP-EX 2019. Combining the robust mechanical structure of the JONSERED forestry range of cranes, and the high precision control system from HIAB cranes, the 1200RS is powerful, durable and reliable. Test your skills in the HIAB wall-building contest each day.

Can't make the show? Arrange a demonstration at your own facility to experience first-hand how the JONSERED 1200RS can transform your operations. Call 01691 626 467 to book your free demonstration, or for further information visit hiab.com.
