<b>URL</b>	<a href="https://www.chitkara.edu.in/global/">https://www.chitkara.edu.in/global/</a>
<b>Submission</b>	<p>2020 marked the strategic launch of the Academic Mentorship Pathway , a true-blue Transnational Education model in the undergrad space for Engineering and Business students at Chitkara University.</p> <p>Chitkara partnered with international universities, incorporating Australian and Canadian curricula using applied education delivery. This provides enriched exposure to students of international courses, co-taught by International faculty, and provides overseas study options with a seamless transition – academic and otherwise.</p> <p>2020 also saw the commencement of '1+1' for our post-graduate business students, familiarising them with international pedagogy and empowering them to become better graduates through the MBA Global program.</p> <p>Chitkara's Annual Global Week is a group event with international faculty enabling 'Internationalization at Home'. 2020's pandemic challenge motivated us to reinvent the modus operandi, resulting in 220 online sessions disseminated by International Partners for all disciplines, turning 2020 into a Global Year.</p>
