

THE AWARDS ASIA 2021

Outstanding Leadership and Management Team

Institution name	LASALLE College of the Arts
Submission title or project name	
Nominee/key personnel	
URL	
Submission	<p>An agile, creative and visionary leadership team steered LASALLE through a challenging 2020. Despite the global pandemic, almost every one of the LASALLE's key matrices continued the steady upward trajectory of previous years. The college also doubled its previous financial surplus, reached an all-time record high for graduate employment, and student satisfaction on job-preparedness, module delivery, facilities and services all remained at a very high level.</p> <p>LASALLE's latest Employee Engagement Survey result also shows significantly higher scores than all three of its national and global benchmarks. These outcomes reflect the setting of ambitious KPIs, and the development of highly creative management strategies to achieve them, while engaging and inspiring staff and students to fulfil their potentials.</p> <p>As a result of LASALLE's exceptional leadership and management, the college was conferred the Dun and Bradstreet Business Eminence Award 2020, to add to its list of previous prestigious awards.</p>
