Submission	<p>Anglia Ruskin University strives to deliver outstanding, creative and innovative programmes. Our vision and strategy place enterprise, entrepreneurship and innovation at the heart of the organisation and that has never been more vital through the Covid-19 pandemic. We prize innovation and value the contributions of all our staff, students and partners in our community and around the world.</p> <p>Entrepreneurship underpins all our programmes and ARU has always cherished creativity, whether that is in the arts or business, charities or councils. We foster an environment where thinking and behaving innovatively is expected – in our nurses, lawyers, police officers, business leaders and business owners, scientists and software developers.</p> <p>We win awards. Our students win awards. But what really counts at ARU is the inspiration and difference we are making to the communities we serve and the world around us.</p>
