Nominee/key personnel	Lancaster University Library
URL	https://www.lancaster.ac.uk/library/about/library-towards-2025/
Submission	<p>Lancaster University library's long-term ambition is to reimagine the university library in the 21st Century. No longer is our role just about the provision of buildings and services and we have articulated this reimagining in our new Library Vision: The Library Towards 2025.</p> <p>Our success has been to work in partnership on a series of initiatives and activities across the university and the wider community, to ensure we live our vision and our commitment: 'to connect, to innovate, to include'.</p>
