

# THE AWARDS 2021

## Outstanding Estates Team

<b>Institution name</b>	University of Salford
<b>Submission title or project name</b>	A momentous year for the University of Salford Estates Team
<b>Nominee/key personnel</b>	
<b>URL</b>	<a href="https://www.salford.ac.uk/estates">https://www.salford.ac.uk/estates</a>
<b>Submission</b>	<p>The University of Salford's dedicated Estates team were instrumental in the development of the Crescent and University District Masterplan, its procurement and the subsequent appointment of a private sector partner who is currently working in partnership with the university and Salford City Council to deliver the exciting and ambitious Masterplan, as well as the regeneration of the wider Salford Crescent area.</p> <p>The team drives the university's environmental sustainability goals, demonstrating sustainability through our operations and using our campus as a living laboratory. We value our urban campus green spaces and encourage biodiversity. In recognition of this we received a prestigious Green Flag Award in July 2019 and 2020. When the UK went into national lockdown during March 2020, the dedication and resourcefulness of our Estates team was evident. As certain functions on campus needed to continue, frontline staff worked tirelessly to ensure operational integrity at the university.</p>
