

THE AWARDS 2020

University of the Year

| | |
|---|---|
| Institution name | Keele University |
| Submission title or project name | |
| Nominee/key personnel | |
| URL | |
| Submission | <p>Founded in 1949, Keele was the first new university of the 20th Century and was created to meet the demands of a new kind of society, economy, and world.</p> <p>That same bold and forward-looking ethos is at the heart of our mission today, and as we celebrated our 70th year we launched a series of innovative projects to tackle climate change, as well as leading national initiatives to better support students.</p> <p>Sir David Attenborough visited Keele to open our new laboratories, and our HyDeploy green energy trial – blending hydrogen with natural gas – launched to global acclaim.</p> <p>In the 1960s Keele was the first UK university to introduce a counselling service, and today we're leading an initiative with the NHS to develop innovative approaches to mental health.</p> <p>This was also the seventh time in eight years that Keele was ranked in the Top 3 in England in the NSS.</p> |
