

THE AWARDS ASIA 2022

International Strategy of the Year

Institution name	Shanghai University
Submission title or project name	Building a comprehensively internationalized university with a more open and inclusive stance, more innovative initiatives, and more collaborative management
Nominee/key personnel	Center for International Education Research (CIER), SHU Global, SHU
URL	
Submission	<p>Shanghai University is committed to becoming a world-renowned university that demonstrates Shanghai characteristics through effective internationalization initiatives.</p> <p>2021 saw the release of SHU's latest internationalization strategy as one of the university's two core strategies with the continued impacts of COVID-19.</p> <p>The university has undertaken a reform of the integrated undergraduate-master-doctoral education system with targeted international programs, providing students with various cross-cultural experiences, highly supported by information technology. It has been securing various resources for expatriate faculty and students, to help them better develop academic careers and lives in China. It has been actively supporting the establishment of high-end joint laboratories and research centers with overseas partners by teams of superior disciplines.</p> <p>To build an international campus, the university is committed to establishing a fully collaborative management mechanism among departments/offices to promote a university-wide internationalization strategy with a holistic view, in which all faculty, students and departments are enablers and beneficiaries.</p>
