

THE Awards 2019 – Outstanding Research Supervisor of the Year

Institution/Nominee	Melanie Green, University of Sussex
URL	http://www.sussex.ac.uk/profiles/102131
Submission	<p>Dr Melanie Green is a reader in linguistics at the University of Sussex. She has supervised doctoral students from all over the world and consistently goes above and beyond for them. Her mentoring approach helps students to achieve their potential and make outstanding contributions.</p> <p>Melanie’s approach is one that develops her students in many ways – she supports, guides and challenges them to achieve outstanding results. Many of her previous students now work in academia, holding posts in universities all over the world.</p> <p>Alongside her emphasis on high quality research, Melanie also cares about her students' well-being. Students feel comfortable coming to her with personal difficulties and she always emphasises the need for her students to take care of themselves before their research.</p> <p>Melanie is without doubt an outstanding and very special supervisor who is held in high regard by students and faculty alike and is truly deserving of this award.</p>
