ABOUT US

Our aim is simple; to revitalise champagne lists across the UK.

Deux Six Wines are a wine importing and distribution business who specialise in providing unique and exclusive grower Champagnes to the UK trade focussing on restaurants and hotels. We provide Champagne which is better suited to gastronomy, has more emotional connection and is at tremendous price points.

Champagne is under appreciated in UK gastronomy. We believe it should be more accessible for people to enjoy with food and understand the nuances and complexities between each bottle. Our portfolio does just that.

Blossoming from a love affair with Champagne, Deux Six Wines was born in June 2020, the brainchild of partners Cameron and Naomi. Named after the date we got engaged in Champagne (2nd June). The idea started back in 2017 when we found ourselves searching for that 'perfect bottle'. What blends do we like? What brands are our favourites? What vintages do we prefer? However, after searching long and hard we realised the beauty of Champagne goes much deeper than just the name on the bottle and the bubbles in the glass.

We read and we watched. We visited and we tasted. To learn and experience as much as we could about this incredible wine making region. We learnt that there is no such thing as the 'perfect bottle' however, there are wines to suit every style, every meal, every palate, every preference and every moment.

The more you delve into the detail and intricacies of Champagne, the more you enjoy and appreciate every mouthful. This is when we started to discover the inimitability of Grower Champagnes and further appreciate Champagne as a wine first.

A man in a light blue shirt and dark jacket stands on a gravel path in a lush garden. In the background, there are green trees and a faint rainbow in the sky. The scene is bright and natural.

In a nutshell Grower Champagne producers make their own wines from their own grapes exclusively from their own vineyards. This may not seem unusual for some wine regions however in Champagne it hasn't always been at the forefront of the production process.

They are wines of place and wines of character.

As consumers we would regularly get frustrated at the lack of creativity, authenticity and imagination when it came to UK Champagne lists. We are here to help sommeliers, wine buyers and restaurateurs change that and therefore;

- Sell more Champagne.
- Deliver new and unique Champagne and Food events.
- Create more unforgettable memories for your customers!

All our bottles have undergone a complex tasting process and have also been trialled by a select customer and professional base before full launch to the trade. Following our launch we are now proud to list our Champagnes in establishments ranging from wine merchants to michelin star restaurants from some of the UK's most acclaimed chefs.

We work extremely close with our wine makers in Champagne and purchase directly from their cellars for our exclusive ranges. We want to bring you their stories and their wines offering an experience like no other.

We would love you to join us on this journey.

If you are going to do Champagne, Deux Six!

Champagne Joseph Désruets, Hautvillers

PASSION ON

It is vital that our growers are just as passionate about working with us as we are with them. They must show a love of creating remarkable wine and unforgettable moments. Striving with each vintage to make the most exciting wines possible.

A huge part of our business is the education to customers about the region and grower champagnes. Our growers have made a commitment to helping us engage with and support our clients to understand the intricacies and detail of their winemaking and cuvées.

EDUCATION

Wines are a drink of place. All of our growers cherish their terroir and create cuvées that showcase the different terroirs of Champagne. This is what makes grower champagnes special. There is nothing more impressive than knowing exactly where your Champagne has come from.

TERR OIR

IDEN TITY

The uniqueness of our producers is what is sought after with this growers revolution. Each domain has their own unique identity that comes through with their branding and their range. Their wines tell their stories of their families and the future.

Innovation is at the heart of production with our growers as they strive to try new and interesting ways to create unique champagnes. Different ageing processes, blends, terroirs, bottling and viticulture have all proved successful for our producers.

INNOV ATION

Showing care and respect for the environment is of paramount importance to us. Sustainable and biodynamic viticulture is practiced in various ways by our growers. We have also pledged to use recycled materials and boxes wherever possible and 100% recyclable packaging.

GAMET

ESTABLISHED: 1920

DOMAIN: Mardeuil

VINEYARDS: Mardeuil, Fleury La Riviere, Damery

HECTARES: 8.2

TOTAL PRODUCTION: 78,000

SPECIALITY: Pinot Meunier

A four-generation familyowned domain, the family Gamet produces its wine in an intimate champagne estate located in Mardeuil. Joined by their children, Fabienne & Philippe Gamet offer champagnes with strong characters. They are certified with Sustainable Viticulture in Champagne and the High Environmental Value certification. Their vineyard spreads itself from the Left Bank to the Right Bank of the river, from Fleury-la-Rivière to Mardeuil. Two terroirs with very different types of soil and this is showcased beautifully with the Rive Gauche and Rive Droite cuvées; named after the banks. The soils of the valley give powerful aromas, great fragrant texture as well as a beautiful roundness, initiating a long taste on the palate. Rich with diversity and various micro-climates, the Marne Valley has been unrecognized for a very long time. Today, led by the work of the winegrowers, we are witnessing a renaissance. These are champagnes of a great freshness and intense roundness - particularly appreciated in gastronomy.

A classic blend of Mardeuil's terroirs all located on the left bank of the river. This elegant and very fine cuvée can be introduced by notes of peach, quince, roasted almonds, acacia flowers and hawthorn. This fruity and floral champagne offers an intense clay minerality, accompanied by aromas of fleshy fruits. Aged for 35-40 months on lees and vinified in stainless steel vats. 15% reserve wines, 85% from 2017 harvest.

A blend of the terroirs on the right bank of the river with Damery and Fleury-la-Rivière. Damery is located on the edge of the Marne river, while Fleury-la-Rivière is located at the bottom of the Valley; surrounded by the forest. An area well exposed to sunlight, these soils are clay-limestone and clay-sandy. Rive Droite is a fresh and fruity Champagne offering a generous roundness and a wide volume on the palate. Aged for 25-30 months on lees and vinified in stainless steel vats. 40% reserve wines, 60% from 2018 harvest.

A blend of black grapes, blended with 15-20% red wine of Coteaux-Champenois from Meunier grapes. A fruity and robust wine, scored by a clay minerality which gives volume on the palate. A fresh and greedy wine, that can be enjoyed in every good moment. Plenty of fruity Meunier flavour and a brilliant non-vintage Rosé that typifies the Gamet style. A moreish and loveable temptation.

The Gamet's family memories. Since 1999, Philippe Gamet keeps rising his reserve wines. Vinified and aged in oak for 40-45 months, blended with both banks of the Valley. The cuvée offers complexity and richness. Old reserve wines are highlighted throughout with fine notes of oxidation on the palate, followed by a long freshness brought by the wine of the year. Notes of yellow citrus fruits; the work with oak barrels brings concentration and reinforces the tensions of the wine. 80% reserve wines and 20% from 2014. A triumph to create such a complex cuvée using Meunier which is testament to the terroir and Philippe's skill.

The first sentence in many marketing materials from Hénin-Delouvin states "Our winemaking process is realised with care in our winery to preserve the characteristics of our terroirs". So as

you delve deeper in to their range of Champagnes it is no surprise to find some exceptional cuvées all driven by individual villages. This is typified by the 'Âme de Terroir' cuvees which produce a Blanc de Blancs, Blanc de Noirs and Millesime. They are a unique domain in the fact that they are two families that have come together from different villages but have both kept their plots. This, therefore, gives them a real variety for a grower to produce different wines in their range. The domain is the heritage from 5 generations. Hénin-Delouvin comes from the winemaker families F. Hénin Père et Fils from Aÿ and Delouvin-Chayoux from Cerseuil. Today this spirit continues with their two sons Julien and Guillaume.

A stand out Pinot Noir Champagne that is indulgent with its unique smoky notes which adds a real personality to this cuvée. Henin-Delouvin's subtle use of oak is a showstopper here as it adds to the flavour of the grapes without overpowering the natural essence of the wine. The Champagne really grows in the glass and is suited to game and meat dishes perfectly. A clever and flavoursome cuvée perfectly balanced.

Single village wine from the Grand Cru of Chouilly. Atypical of the terroir with the toasty and floral notes on the palate. A touch of oakiness creates a smooth and rich flavour yet not overpowering. With the young base vintage, this will only get better with age but the vibrancy it currently holds is extremely pleasant and full of Chardonnay flavour. Long on the palate with a citrus and vinous finish. An energetic Chardonnay experience.

Bruno and Marielle currently run the family winery in Vernieul and the family business all started when Bruno's great-grandfather Alfred Copin decided to grow vines in the late 19th century. He bought 520m of vineyards in Vandieres in 1903. His son married Maurice Brion and Auguste Copin, born in Verneuil and

Vandieres and they took the reins of the family business a few decades later. They planted the first vines of Chardonnay, Pinot Noir and primarily, Meunier, the winery's grape variety of choice on the Marne Valley hillsides. From 1963, their son Jacques, expanded the Verneuil business alongside Bruno's mother Anne-Marie. That's when the Champagne Jacques Copin brand was founded. Bruno and wife, Marielle, decided to join the Copin winery adventure in 1995 and take the helm. "I am proud to be part of the legacy, passing my expertise down to my children Lucile and Mathieu since 2013 and bringing you our best Champagnes imbued with history, emotion, values and most importantly, pleasure and passion." From a superb Meunier dominant entry level through to the exciting single varietal and single parcel wines complimented by a serious array of complex vintages, we are super pleased to bring you these Champagnes. We are sure you will love their wines as much as we do!

Our most Northern based domain in our portfolio, this small area North West of Reims is a true hidden gem in the heart of the Saint-Thierry Mountain. The heritage of the J.M Goulard domain starts with Paul Goulard who devoted his life to working with the land as a farmer and wine-grower. His son Jean-marie in 1978, founded his own estate with his wife Martine. The 3 sons of the house: Sébastien, Sylvain and Damien were all brought up within the family business. Damien took over the operation in 2012 with a desire to uphold his family traditions but he also dedicated himself to find the terroir of the Massif de St Thierry in his wines. Damien considers the vineyard as his garden. As his Grandfather did, he tends to every hectare himself and the family harvest all the grapes by hand. J.M Goulard became a part of the prestigious 'Special Club' thanks to their commitment to biodynamic viticulture and respect for terroir. This can be found throughout the range from their well balanced blends to the incredible use of Meunier. A beautiful selection off the beaten track who's wines deserve the upmost respect and praise. True terroir driven Champagne.

It all began with Socrate Malot, the founder of Sadi Champagne. As a tribute to his brother Sadi, who was named thus because he was born on the day of the assassination of Sadi Carnot (the French President from 1887 to 1894) and died during WWI, he gave his company and his son this name of great historical importance. Today, the 5th generation of the family and the first female to head up the domain is Cindy Malot. Cindy, alongside her partner Florian are revitalising the domain and this work started in 2014 with the conversion to Organic vineyards. This was a plot by plot development and by 2023 a 100% of all the vineyards will be converted Organic. The entry level wine 'Les 2 Cepages' and the prestige 'Les Goisses' are fully Organic. As well as improving their sustainable practices they also created new ideas within the range. This includes the introduction of single plot and single vintage wines which can be showcased by the 100% Pinot Noir wine 'Les Goisses'. They have also introduced ageing in concrete eggs, oak barrels and using a solera method for reserve wines. With Grand Cru plots, Organic practices and superb wines we are extremely excited to bring these wines to the UK.

Found in the illustrious north facing slopes of Montagne de Reims, JP Secondé holds some of the most sought after plots in the region. With Mailly being home to one of Champagnes leading cooperatives, JP

Secondé are one of a few growers in the village who have decided to stay independent. This is mainly due to them exploiting their incredible parcels for themselves to create inimitable terroir driven cuvées. With plots in all the neighbouring Grand Cru's, their holding is truly remarkable. Established in 1970 by Jean-Pierre and Jocelyne, their daughter Annabelle now heads up all operations whilst supporting her father with the winemaking. The ability to hand pick the best grapes from their Grand Cru plots has made their cuvées highly sought after. We are extremely excited to have been assigned a selection of their distribution to bring to the UK trade, especially the Les Petite Vignes cuvée of which their are only 1,000 bottles produced from a single vineyard in the Grand Cru of Puisieulx. We are yet to find any other single vineyard Champagne from this Grand Cru which makes it even more exclusive and unique.

"My philosophy is to work carefully and individually each parcel, which I know by heart, in order to obtain the most intense grapes at the moment of the harvest. The next steps happen in the cellar where I put all my soul into expressing the essence of each Terroir's fruit."

My objective is to create the purest, tensest, neatest wine possible without malolactic fermentation, which reflects best my parcels' Terroir. You will find me in the vineyards all year round: from the flight of starlings to the snow in February, without forgetting the migration of cranes and insects! I truly feel happy working in the vineyards, like a gardener, as my mother and grandmother have taught me." Since 2016, Laurianne has cultivated her own grapes, aged her own wines from her family's parcels, located on 6 different Terroirs classified Grand Cru and Premier Cru. It was in 1764 that the first grapevines were introduced in the Cossy family. At that time, the goal was not to produce wine, but to produce grapes so as to try and help the family live the best life possible. It

was Sophie's, who now runs the vineyards, grandparents who first started making wines in the fifties. They dared to strive for success in a new endeavor. "My grandfather was a brilliant man who loved taking on new projects. My grandmother was courageous and was ready to support him during this adventure. And it all paid off" she describes. Sophie now takes the realm after her father, Francis, passed away when she was just 26 years old. Soon after, Sophie made the decision to rethink her wines. Numerous trials were conducted: new blends, different dosages, ageing, corking. Nothing was left to chance and then the cuvées became reinvented. All of the Cuvées had then passed under Sophie's scrutiny. The idea had been to reinvent, while keeping the essentials and to get the wine to give everything it had to give... As a bonus, two new Cuvées were born: Origine, an Extra-Brut which had been missing from the range, and the Cuvée L'Instant, a vintaged 100% Chardonnay aged in big vats! An awe-inspiring female wine maker.

A clean and crisp entrance to the range. Supple and lively on the attack with just the right amount of freshness. Well balanced and pleasantly round on the palate. The slight vinosity and the dosage perfectly complement the wine's freshness and subtle bite. A champagne that is all about enjoyment. Soft and round, yet crisp on the palate as well. A champagne that you're sure to appreciate.

The first nose introduces us to notes of white flowers, acacia honey but also butter and roots. The attack is petulant, well-balanced and is followed by a full-bodied, gracious mouth feel, which is decorated with a bright freshness. This is a slightly creamy champagne, in which wine and effervescence have been perfectly united and also has a complex and thorough expression. A great vintage from 2013 that has spent 7 years on lees, disgorged in Oct 2021.

VALLÉE DE L'ARDRE

SALMON

ESTABLISHED: 1958

DOMAIN: Chaumuzy

VINEYARDS: Chaumuzy, Chambrézy, Sarcy, Ville en Tardenois.

HECTARES: 10.5

TOTAL PRODUCTION: 80,000

SPECIALITY: Pinot Meunier

Alexandre Salmon is the 5th Generation of vine farmers in his family who all originate from Chaumuzy back to 1887, with Auguste Salmon. Alexandre's grandfather, Michel, was the first to bottle their own cuvées and patiently collected enough plots to create the first 500 bottles of Champagne Salmon in 1958. Olivier, Alexandre's father, joined the farm in the 1980's and has spent over 30 years dedicated to the domain. Their goal is "to do everything so our cuvées perfectly express the qualities of this clayey limestone soil". In 2003, Alexandre started to work for the estate and has made a huge impact on the way they produce their wines. With the introduction of oak barrels, 100% Meunier cuvées and single plot vintages they have gone from strength to strength. As a member of the Special Club their cuvées are recognised for their commitment to biodiversity and respect of the terroir, which is highlighted throughout the range and their current organic conversion. Alexandre proudly states his daring mission "I decided to take up a new challenge: to restore its glory to Meunier" and in his 17 years at the domain his latest releases have certainly exceeded all expectations of what is possible. A triumph in innovation.

Nestled off the beaten track, east of Reims you land at Treslon a true farming commune. Domaine Lagille are the main land holder and you witness something special upon entering their home. The land and nature is the true boss here. Maud and Vincent are brother and sister. Maud was the first to join the estate, in 2002. At that time, their

parents continued to run the domain which they took over in 1974. Maud's desire is clear: taking care of the vine. "I love nature, and working in the vineyard. This is my passion." In 2012, Vincent joined the adventure. With his head full of ideas and desires. Cultivation methods, winemaking, brand image, commercial strategy: he wants to experiment, to invent, to develop the family heritage. "The vines allow me to be outside, closer to nature. Wine is a passion to share, a real pleasure." Not to mention that the estate is not only wine-growing. "We are also farmers." Over the years, Vincent learns, tries and tries again, experiments and defines the winemaker he wishes to be. "I fumbled for several years. In 2017, I had a click. In connection with training on the issue of soils. It has become crystal clear. I wanted local wines. Wines that tell about our roots. For this, I wanted the terroir to be able to express itself, for the vine to be able to draw deep into the soil. We have therefore undertaken to modify our cultivation practices. And today, we have made the choice to move towards organic certification." We are extremely excited to be the first to bring Vincent's wines to the UK and look forward to sharing these incredible Champagnes with you.

A great reflection of all of Treslon's terroir. A blend of 3 single plots containing each grape variety Pinot Noir, Chardonnay and Meunier from Les Ricordaines, Le Mont-en-Peine and La Garenne accordingly. 5 Years on lees gives this cuvee great power and yet with the low dosage it is incredibly balanced. Full of fruit on the front end and finished with great length and citrus notes. A slight oxidative style with the subtle use of Oak. A wine that offers incredible value and great to go with a variety of food.

PHILIPPE GLAVIER

ESTABLISHED: 1995
DOMAIN: Cramant
VINEYARDS: Le Mesnil, Cramant, Avize, Oger
HECTARES: 4.6
TOTAL PRODUCTION: 25,000
SPECIALITY: Chardonnay

In 1993, Philippe and Véronique met and unified to create a new track. Both coming from families of wine growers, Philippe represents the third generation of growers in his family; inheriting an exceptional estate. Véronique is also the heir of a precious family estate.

Twelve generations of growers have preceded her. They both wanted to create their own wine and in 1995 Champagne Philippe Glavier was born. An amalgamation of some of the best plots in the Côte des Blancs to create an enviable 4.6 hectares of four Grand Crus. The harvest of each village is done separately, to develop the distinctive features of each terroir. Pressing is also done separately, to not attenuate the specificities of each village. Microvinification by terroir is used to let each plot express itself. The winery is full of small tanks thermoregulated to keep the specificities of each terroir. This commitment to showcasing each village with the single village wines of the emotion range and the prestige Folie D'Cramant is outstanding. The domain is making huge noises in the world of prestige Blanc de Blancs Champagnes which has been previously impenetrable for such new brands. However, the quality and class of their parcels and cuvées have rightly given them the accolades they hold today.

ESTABLISHED: 1950

DOMAIN: Cramant

VINEYARDS: Cramant, Chouilly, Avize

HECTARES: 12

TOTAL PRODUCTION: 120,000

SPECIALITY: Chardonnay

5 generations of farmer precede the Voirin Jumel family who today hold 12 hectares of Grand Cru plots in 3 sought after villages in the Côte des Blancs. Their cuvées are the epitome of Cramant throughout the range with the balance of Avize and floral notes of Chouilly adding freshness. The family proudly host one of the most picturesque views in Champagne with their domain and family B&B overlooking the Côte des Blancs. Alice will be your host with a warm welcome and regularly provide visitors with access to the vineyards and cellars. Their total production allows them to have some great export opportunities across Scandinavia and USA. However, they have been in the UK market previously but decided to reallocate their selection elsewhere a few years ago. We are extremely proud and excited that the family have asked us to represent them in the UK and look to bring these incredibly creamy, toasty and pleasurable Champagnes back to the UK. They range from the tasty Brut Tradition through to the remarkable gastronomic Chardonnay Cuvée 555. They have been a hit before and their latest base vintages will certainly be a hit again.
