

Welcome to the smartest way to get an electric car

What is salary sacrifice?

An EV salary sacrifice scheme lets employees lease an electric vehicle (EV) through their employer by giving up part of their pre-tax salary.

This means they'll be saving 20-40% on the cost of an EV, making it easier to afford and drive an eco-friendly car

How much your team could save every month:

Price includes **4,000 free miles of charge**, **charger**, **insurance**, **servicing**, **tyres**, **maintenance**, **breakdown**, and **no up front payment**.

Mercedes Benz EQA - Savings for a 40% taxpayer

Average cost:	£695
Income tax & NI savings:	-£292
Benefit in kind tax:	£50
Cost:	£453

£242 SAVED!

Volkswagen ID.3 - Savings for a 20% taxpayer

Average cost:	£435
Income tax & NI savings:	-£127
Benefit in kind tax:	£16
Cost:	£342

£111 SAVED!

Benefits for your business

ATTRACT AND KEEP THE BEST TALENT

59%

of employees are more likely to **join** at a business if they offer an extensive benefit package.

75%

of employees say they're more likely to **stay** due to their employee benefits package

HIT YOUR NET ZERO GOALS AND SAVE MONEY

Here's an example based on an average 3 year lease:

Save on employers' National Insurance. Choose to pass this on to your employees or save your company money

**Calculated by how many tonnes of carbon would be saved by an EV versus how much can be absorbed by trees.*

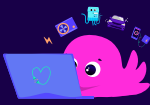

FREE, FLEXIBLE AND NO COMMITMENTS

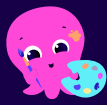

Our scheme is **free** to set up and run, so it's completely cost neutral for your company.

There's **no hidden exclusivity agreement** and **no minimum requirements on uptake**.

Our **digital-first** approach means we deliver **5 star service** to your team.

We'll work with you to **personalise the scheme** to your business

ONGOING SUPPORT AND EVENTS

Emails and comms plan

Octo-pack and goodies
