Our Three Cornerstones

Founded by Vicky Denby in 2019, our values have become deeply imbued in the Live Like Loyalty DNA.

Support the local communities by incentivising the workforce to support our amazing independents

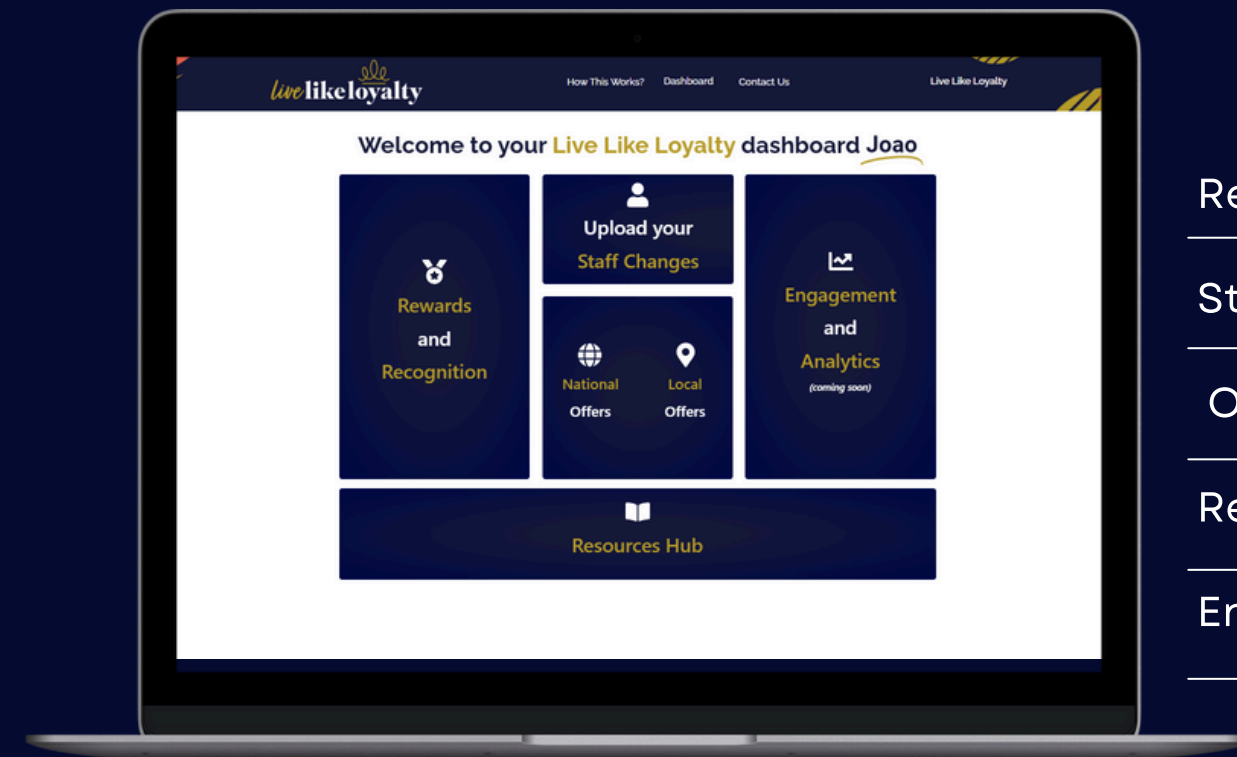

Provide organisations with the tools to support their teams

Allow organisations to showcase how much they care about the local community. Great for contracts!

Resources hub

Engagement & Analytics (Coming 2025)

Introducing our brand new HR dashboard – a cutting-edge system designed specifically with HR professionals in mind. This innovative hub centralizes all HR-Live Like Loyalty related tasks, making it easier than ever to manage resources, track usage, and streamline HR processes. With a user-friendly interface and intuitive features, the HR dashboard simplifies workflows, reduces administrative burdens, and enhances efficiency across the board. Whether you're onboarding new hires, managing benefits, or monitoring employee engagement, this dashboard ensures that your HR team can focus more on what matters – supporting your workforce and driving organizational growth.

Whats Included?

Our new HR dashboard comes packed with powerful features designed to elevate HR processes while boosting employee satisfaction and engagement.

- **Rewards & Recognition** allows you to effortlessly track and celebrate employee achievements, ensuring that top performers are recognized and motivated.

- With the **Offers Portal**, HR can view and distribute special offers and incentives to employees, enhancing engagement and satisfaction.

- The **User Changes Portal** enables HR to easily submit staff changes, streamlining administrative tasks and improving accuracy.

- Additionally, the **Resources Hub** acts as a central location for all essential HR documents, policies, and training materials, ensuring that both HR teams and employees have the tools they need to succeed.

- **Analytics and Engagement** (coming 2025) acts as a central location allowing you to track how engaged your employee's are with monthly local and national statistics.

Thank You
