

NatureKnit®

Gut Health Solutions

The gut microbiome, a complex ecosystem of trillions of microorganisms, plays a crucial role in maintaining overall health. Many people struggle to maintain a diverse and abundant microbiome due to inconsistent consumption of nutrient-rich foods that help it thrive.

That's why we created NatureKnit®.

It's an all-natural, patent-pending formula designed to nourish the gut ecosystem comprehensively and sustainably.

NatureKnit delivers:

- ◆ A gentle, sustained prebiotic effect
- ◆ Validated microbiome benefits
- ◆ Increased postbiotic production
- ◆ A diverse and complex formula for full intestinal support

AVAILABLE EXCLUSIVELY FROM *vaneeghen*

A Comprehensive Microbiome Solution

NatureKnit® is a unique innovation, combining diverse fruit and vegetable fibers replete with naturally bound polyphenols for comprehensive microbiome support.

NatureKnit enhances microbiome health by increasing abundance and richness of healthy gut bacteria throughout the entire large intestine.

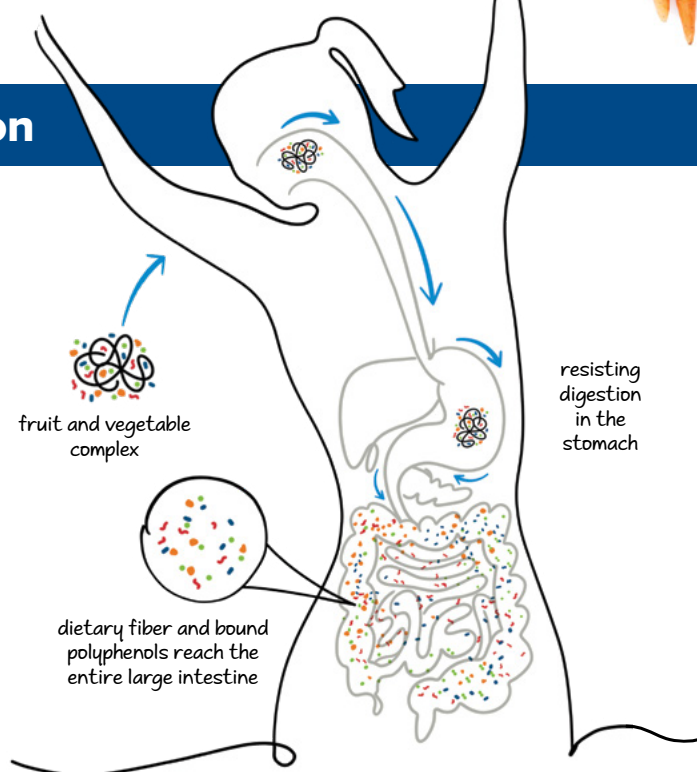

Gentle, Sustained Prebiotic Effect

NatureKnit works in harmony with the gut microbiome, gently providing sustained prebiotic support—without the rapid fermentation that can lead to digestive discomfort.

Validated Microbiome Benefits

Backed by published research, NatureKnit offers the following microbiome benefits:

- ◆ Increased healthy gut bacterial abundance
- ◆ Enhanced gut bacterial richness (a key measure of microbial diversity)
- ◆ A slow and sustained fermentation profile
- ◆ Increased total abundance of short-chain fatty acids (SCFA)
- ◆ A greater prebiotic effect than purified fibers

Postbiotic Support for Holistic Health

NatureKnit promotes sustained production of short-chain fatty acids (SCFAs) by delivering complex dietary fibers that gradually ferment into beneficial SCFAs—such as acetate, propionate, and butyrate. These compounds support gut, immune, metabolic, and cardiovascular health.

Application Versatility

- ◆ Ready-to-mix beverages
- ◆ Functional foods
- ◆ Nutritional supplements
- ◆ Meal replacements
- ◆ Breads, bars, and baked goods

Are you ready to go beyond the typical gut health solutions?
