

Abstract guidelines

To be reviewed for presentation at Probiota, abstracts must be submitted no later than

Tuesday 3rd November 2026*

**Submission of late abstracts after this date is at the organiser's discretion and will be reviewed for a poster only*

Authors of accepted abstracts will be notified by **27th November 2026**. Please do not enquire about the status of your abstract before this as a decision will not have been made. An oral presentation in both the Industry Research and Student-led Research categories will be awarded on merit to the best abstract as scored by the independent Scientific Committee.

All accepted abstracts will be invited to display a poster at the conference, of which NutraIngredients will print and display ahead of your arrival. To ensure your poster is displayed, please submit your PDF poster and register your attendance by **15th January, 2027**. Those invited to give an oral presentation, guidelines will be provided and you will be asked to provide further details (photo, biography, summary of work) for the programme. If your abstract is accepted and you are attending in person, you will also have the option to provide a digital version of the poster that will be displayed on the NutraIngredients sites.

There will be a dedicated poster viewing session on the evening of 9th February 2027. The oral presentations will take place during the conference programme on either the 10th or 11th February 2027.

Abstract Content:

- The abstract must be a new theory
- Must be in English
- The abstract should highlight the relevance to the theme(s) of this years conference
- The abstract must contain scientific grounding and be **devoid of commercial bias**
- Funding sources must be disclosed
- Please clearly provide full contact details for the corresponding lead author including name, institution, phone, email.
- Nonstandard abbreviations should be defined.
- Clinical abstracts & titles must conform to CONSORT guidelines
- Abstracts containing clinical trials must have gone through an evaluation by an ethical committee. Trial registration number and review board details must be provided on the abstract

It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar or scientific fact in the abstract will be reproduced as typed by the author. **Any abstracts not conforming to the above parameters will be rejected. Please state when submitting your abstract if you only wish to be considered for a poster.**

By submitting abstracts you are granting permission for your research to be reviewed by the scientific committee and published in any or all of the following conference material and website; NutraIngredients and other William Reed Business Media sites; IPA publications and publications of event media partners.

PLEASE NOTE: Abstracts MUST submitted via our online form [HERE](#)

Any questions about the abstract submission process or the poster session can be sent to info@probiotaevent.com
