Why MIND UK as MSP?

Notes

Founded in 1975, Motherson Group is an industry leader and one of the world's largest manufacturers of components for the automotive and transport industries. The group's diversified portfolio makes it a complete solutions provider across the globe. Motherson Group serves its customers with a wide array of products and services through multiple business divisions including wiring harness, vision systems, modules and polymer, technology & software, aerospace, health & medical, logistics, retail and metal products. Motherson Infotech and Solutions UK Limited (MIND UK), is a global technology company that offers a consulting-led approach with an integrated portfolio of industry leading solutions that encompass the entire enterprise value chain. Our technology- driven products and services are built on two decades of innovation, with a future focused management philosophy, a strong culture of invention and co-innovation, and a relentless focus on customer-centricity. An SEI CMMI Level 5 company, MIND has delivered best-in-class services to over 200 customers in 47+ global locations across all continents. MIND is a division of Motherson Group, one of the largest manufacturers of components for the automotive and transport industries worldwide with 135,000 employees across the globe.
