1/500
One in every 500 people on earth owns or is using a Yealink product
Audio and Video
SMB and Enterprise
IP Phone and VCS
Unified
DELL
When the Yealink Wireless Presentation Pod software automatically starts, press the presentation button to share full screen

❑ Easy to Start | ❑ Immersive Meeting Experience | ❑ Future-Proof

BYOD-USB Mode

Easy meeting with any UC platform

Multipurpose
High Compatibility
Simple Deployment

Qualcomm SD845 Chipset

Compare to the SD835
CPU performance increased by 25%-30%
GPU performance increased by 30%
Power consumption reduced by 30%

High Performance Future-proof

Benefits
• Improve video processing efficiency and provide ultra-high-quality video
• Android can be upgraded continuously (Android 11 and more)
• Expansibility of Feature updates: Multi-screen, Picture-in-picture and more

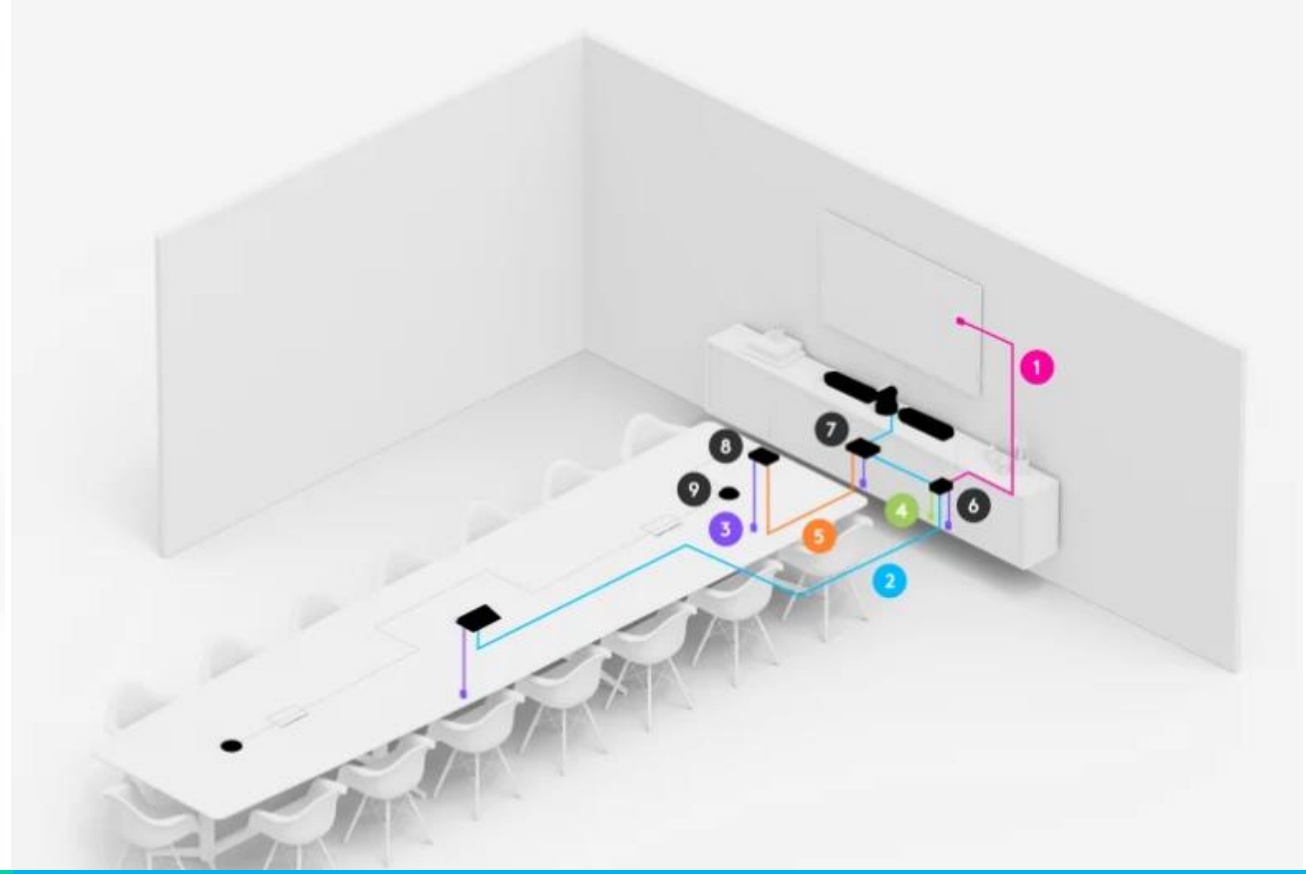
For Large and Extra-large Rooms Zoom Rooms system

1. One-cable easy deployment
2. Flexible audio options
3. Extra-large room solution

One CAT5e Cable Technology

- Yealink ZVC system - Only one CAT5e cable connecting the table area and TV area for a clean tabletop
- Compared with USB cable (Other vendors' solutions), Yealink CAT5e cable can be extended up to 30 meters and costs much less

Yealink – one CAT5e cable connects TV to table area



More than 5 cables

Flexible Audio Options

Powerful Audio Solution

ZVC940 can work with up to 8 VCM38 ceiling microphones and 4 MSpeaker II soundbar, providing a powerful audio solution for extra-large room.

Multi-Camera Solution, Camera layout

36x HD optical and digital zoom PTZ 4K camera - Yealink UVC84, up to 9 units with AV Hub

UVC30 content camera - Whiteboard

allows a real-time whiteboard collaboration in Zoom meetings.

Extra-large Rooms Solution

ZVC940 for Training Rooms and Classrooms (up to 30 people)

Leading and Advanced
