Visualize.
Collaborate.

Enterprise-ready collaboration & visualization solutions for the digital workforce

Cyviz has delivered to customers around the globe for over 20 years:

Intuitive to use,
predictable to deploy
and reduces total cost
of ownership

The Cyviz Easy Platform is the industry's most comprehensive platform for room control and management, guaranteeing an excellent and consistent user experience for multipurpose meeting and collaboration spaces. The Cyviz Easy Platform consists of integrated software products and associated hardware. With a predictable deployment process and an unprecedented IT-driven efficiency, it enhances the business value of collaboration and reduces the cost of support and maintenance. The Cyviz Easy Platform is the foundation of the Cyviz Experience.

Standardized, configurable and upgradable

Premium user experiences

Cyviz focuses on delivering predictable and consistent user experiences. With selective choices and an intuitive menu, you are ready to use the control interface without any further introduction.

Future-proof solutions

The Cyviz Easy Platform offers an excellent user experience independent of underlying and changing technology. You can easily upgrade your existing systems to add new features and functions through the Cyviz Easy Server. Our platform has the flexibility needed to meet changing demands from customers.

Unified communication & video conference integration

Cyviz' solutions enables full interoperability for unified communication and video conference endpoints. Cyviz also supports your integration with Microsoft Outlook and Exchange, Skype for Business, Microsoft Teams, Cisco and Polycom.

Painless & secure wireless content sharing option

The challenge with wireless sharing solutions is to make the experience easy, safe and secure. Cyviz Easy Connect has solved all of this, in an elegant and simple manner. Cyviz Easy Connect helps you find the room, effortlessly connect, and present your content in seconds.

Support & maintenance designed for your needs

The Cyviz Experience doesn't end with an installation, it is an ongoing commitment. With an annual support and maintenance subscription we will assure that your solutions are functional and up to date with the latest features and capabilities. You will always have access to the latest software, and the level of services can be adapted to your needs and internal resources.
