INSURER/MGA AWARDS

Commercial Lines Insurer of the Year

This category is designed to recognise the best insurer performance in the UK commercial lines market. The judges are looking to see entries from financially successful and flourishing specialist commercial lines insurers that have gone over and above the status quo to understand and uniquely support brokers operating in the UK commercial lines market and end customers.

These insurers may have opted to collaborate with brokers on schemes for specific industries or sectors to mitigate niche challenges, implemented additional, non-insurance value added services to complement policies, or sought to be the go-to firm for a certain size of company, such as SMEs, to combat underinsurance risks.

1. What lines of business does your firm write in the commercial lines market and what does your typical commercial lines end customer look like? What sectors do you cover? (150 words max)
2. What is your commercial lines GWP/size of your commercial lines book? (100 words max)

INSURER/MGA AWARDS

Specialist Insurer of the Year

This category is open to UKGI insurers that have their operations focused around a particular niche or speciality that is not more broadly served by generalist insurers.

Judges will be looking for insurers that have tailored all their propositions for a specific – and potentially underserved – market demographic, showcasing a range of products that demonstrate an innate and in-depth understanding of a particular marketplace and its challenges. Successful entrants in this category will be experts in their field looking to cater for very precise problems.

1. What niche or speciality is your business focused on and why is this field not catered for by generalist insurers? (150 words max)
2. How do you work to serve your niche customer base? How are their challenges different to that of the mainstream insurance customer and how do your operations differ as a result? (200 words max)
3. How do you go over and above for customers? (100 words max)
4. What is unique about your business and what makes you stand out? Do many other insurers also specialise in the same field? (150 words max)
5. How do you keep on top of new developments in your specialist area? (100 words max)
6. List the metrics you use to measure success – one of which must be financial. Also provide up to date results against each metric, ideally alongside a year-on-year comparison. (300 words max)

NOMINATED/VOTED FOR AWARDS

General Insurer of the Year

This award recognises the best UK insurer that covers both personal and commercial lines in UK general insurance.

A shortlist will be put together by *Insurance Times* in conjunction with a panel of expert industry analysts, which will then go forward to a UK broker vote to gather broad market feedback on the contenders.

The final decision will be made by the panel, which will also consider company results and financial performance, the perspective of the investor community, progress on strategy, leadership and visibility in the market and the view of service to brokers as demonstrated in *Insurance Times'* independent *Five Star Rating Reports*.

Voting will open once the shortlist has been announced on Tuesday 22nd September and will close on Friday 23rd October. The winner will be revealed at the awards ceremony on Wednesday 2nd December.

NOMINATED/VOTED FOR AWARDS

The Insurance Times Rising Star Award

This award is open to an up and coming individual who is making their mark in UK general insurance industry. There is no age limit but it is expected that nominees will have been working with the industry for seven years or less.

The recipient will have demonstrated both personal and professional commitment not only to their own development but will also be helping to shape the future of the industry. In their functional specialism, they will have excelled across the board, enjoying the respect and admiration of their peers and demonstrating the potential to become one of the industry's future leaders.

This category is not open for entry but nominations are welcome and can be put forward for consideration by our expert judging panel.

Nominations must be submitted via the online entry system and you'll need to provide the name and job title of your nominee along with details about their work, impact and success and details of how long the nominee has been working in the industry. Clear milestones achieved in their professional development will be particularly welcome.

Please note, all nominations must be supported by the nominee's manager and received by 5pm on Friday 21st August 2026.

The shortlist will be announced on Tuesday 22nd September and the winner revealed at the awards ceremony on Wednesday 2nd December.

The Insurance Times Industry Impact Award

This award seeks to recognise an inspirational, forward-thinking firm or market professional – whether that be a UKGI broker, insurer, MGA or supplier – that has worked to have a positive impact on the insurance ecosystem, value chain and broader market.

Lying within the gift of the *Insurance Times* editorial team, this award acknowledges the impressive work a company or individual has voluntarily undertaken to address market-wide challenges. The winner will have taken action to futureproof business operations, for example, as well as share best practice, learning, tools and processes with market peers.

The recipient will have achieved noted success in its futureproofing endeavours, subsequently encouraging a positive ripple effect within the UKGI market.

This work could be centred around attracting and retaining talent in order to minimise skills and people gaps, tackling the often negative public perception of the insurance sector to foster better customer relationships and outcomes, or steering sustainability initiatives, for example.

The recipient will be announced at the awards ceremony on Wednesday 2nd December.

Rules of Entry

Eligibility

The Insurance Times Awards are open to any FCA-authorized insurer, Lloyd's syndicate or broker operating within UK General Insurance. Entries in some categories are also open to MGAs, service providers, industry partners, law firms, loss adjusters or technology vendors. All entrants must operate within general insurance in the UK.

Some categories are open to individuals, others to departments/teams. Make sure you read through the category entry criteria carefully to ensure that you are entering the most appropriate one.

Multiple projects, teams, or individuals may be submitted for consideration within a category. It is essential however, that each written submission clearly identifies who or what part of the company is being entered. If the same project, team, or individual is entered across multiple categories, submissions should be tailored accordingly to address the specific requirements of each category.

If you are a third party entering on behalf of a client (for example, if you're a PR agency), please also include contact details (as a cc on the online entry form) for the company entered. This will ensure that all communications regarding the awards and the judging processes etc. reach all relevant parties, in good time. We do not accept responsibility for non-receipt of any emails relating to entries submitted.

Written Submission (Stage One)

The first stage of Judging will be based on your written submission and any supporting materials you choose to include.

Presenting a concise, well-structured case that answers every question is important. Highlight what sets your work apart and support your claims with metrics and data to showcase impact and success. Judges will look for clear evidence showing why your project, initiative, or solution deserves recognition. Always follow the specified word count.

When submitting entries for 'of the year' categories, note that Judges will focus on recent achievements, so you must provide evidence of accomplishments between 1st January 2025 and 31st July 2026. The product, service, or innovation itself does not have to be new, but the successes and impact described in your entry should occur within these dates. Your submission needs to state the exact launch date (month and year) for your product, service, or innovation, and any metrics or data included must reference specific timeframes, as outlined in the category criteria. If your entry lacks this information, it may not make the final shortlist.

All information contained in the Entries and marked confidential will remain so and will not be released without the permission of the entrant.

Rules of Entry cont...

All Entries must be made via the official online entry system. Supplementary information including charts, graphs, photos and info-boxes must be added as supporting material and NOT included on the entry form.

Supporting Material

When preparing your background materials and supporting evidence, it is quality and relevance that the judges will be interested in, not quantity. Therefore, a maximum of three supporting documents can be included with each written submission.

Research documents, case-studies, staff newsletters etc. can all help to demonstrate impact in a practical and easily accessible way and may be included where relevant.

The Judges will also review relevant websites/videos, so full URL and access codes (if applicable) should be provided. Please make sure that any links sent remain valid through to the end of the stage 2 judging (22nd October 2026).

Presentation to the Judging Panel (Stage Two)

If your Entry is shortlisted, you or a company representative will be invited to present virtually to our Judges on Wednesday 21st and/or Thursday 22nd October. If shortlisted in multiple categories, you may need to present on both days.

Details about the platform, timing, and presentation content will be shared after finalists are announced on Tuesday, 22nd September. If you cannot participate in the online presentation, your entry may be withdrawn and you will not be considered for the final award. No alternate dates, times, or platforms will be offered.
