## Top tips for an award-winning entry

### 1. PREPARE IN ADVANCE

Familiarise yourself with the entry questions before starting your submission and think of the best way to present your project. Remember to make a note of the deadline!

### 2. ALLOW TIME

Time is essential to the success of any award submission, so ensure you have plenty of time to focus on preparing a quality entry that helps the judges understand why you should win.

### 3. DRAFT YOUR WORK

It is best practice to draft the answers to the questions into a word document before submitting your entry. This way you'll never lose your hard work and always have a copy to refer back to.

### 7. ADD SUPPORTING DOCUMENTS

Don't forget to include some images or documents to help support your entry, giving the judges the full picture.

### 8. THINK LIKE A JUDGE

What makes your submission stand out? We highly recommend taking a step back before submitting your entry and reading it from a judge's point of view. We want to know why you really deserve to win this award against worthy competition.

### 6. PROOF YOUR WORK

Make sure you proofread your work and gain input from colleagues before submitting your entry.

### 5. USE TESTIMONIALS

Solid testimonials from your customers or clients are one of the strongest ways to impress the judges and add value to your entry. We have a section for testimonials, that is free of a word-count, so make sure you utilise this space.

### 4. TELL YOUR STORY

Every company has a story and we want to know yours! Tell us what challenges you overcame to get where you are, what path you took to build your success, and how you accomplished the achievements that make you deserving of the winner's crown.
