WE'VE EXTENDED OUR BM RANGE

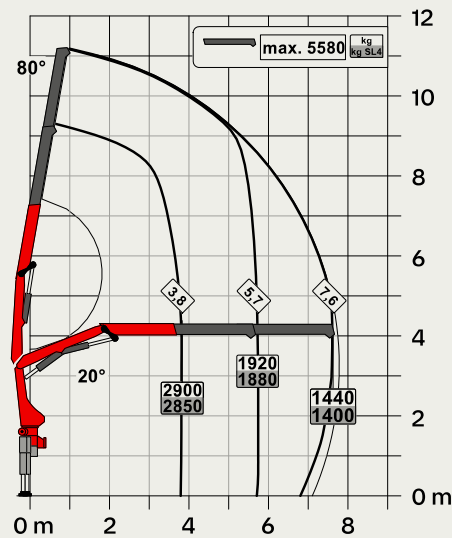

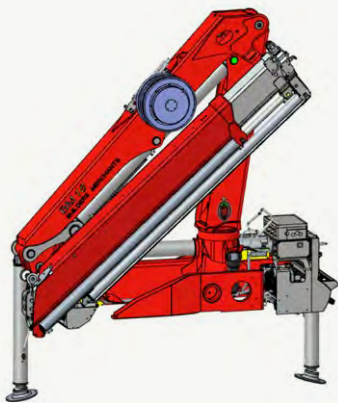

FULL RANGE FUNCTIONALITY

Designed to meet the 'lift and place' needs of Builders Merchants, handling multi-drop deliveries in locations ranging from vast building sites to limited access residential areas, the PALFINGER BM product family now offers versa tility across a choice of 16T-18T, 26T and 32T chassis.

BM18 EXCELS IN TIGHT SPACES

18T chassis with 12Mt crane

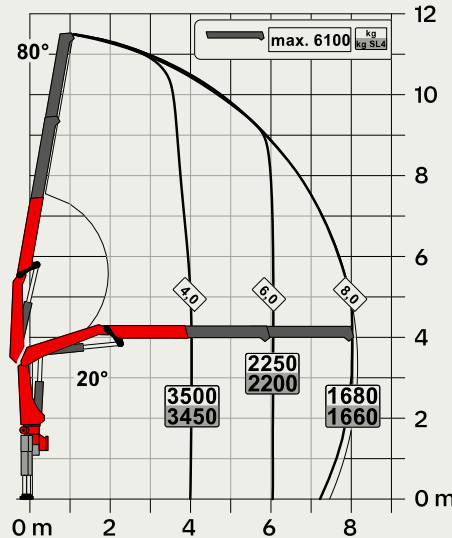

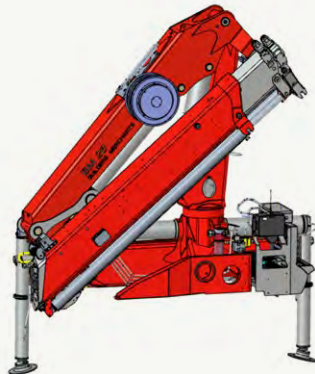

For deployment when access can be an issue in rural or built up areas. Strong and compact, BM18 is an agile choice, ideal where space is limited.

BM26 EXCELS IN VERSATILITY

26T chassis with 14Mt crane

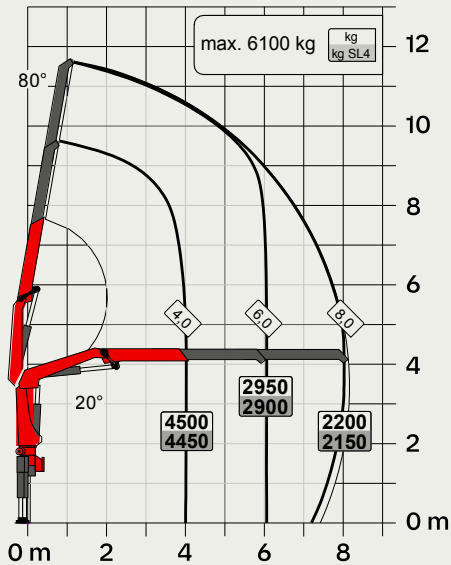

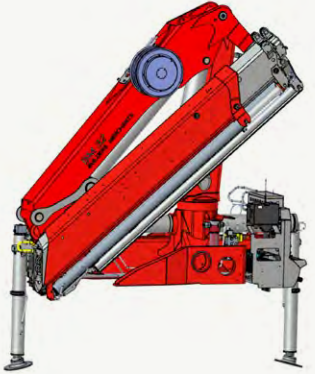

The most popular application, BM26 is an everyday workhorse, for handling heavy building materials for small construction sites and domestic home renovations.

BM32 EXCELS IN HEAVY-DUTY

32T chassis with 19Mt crane

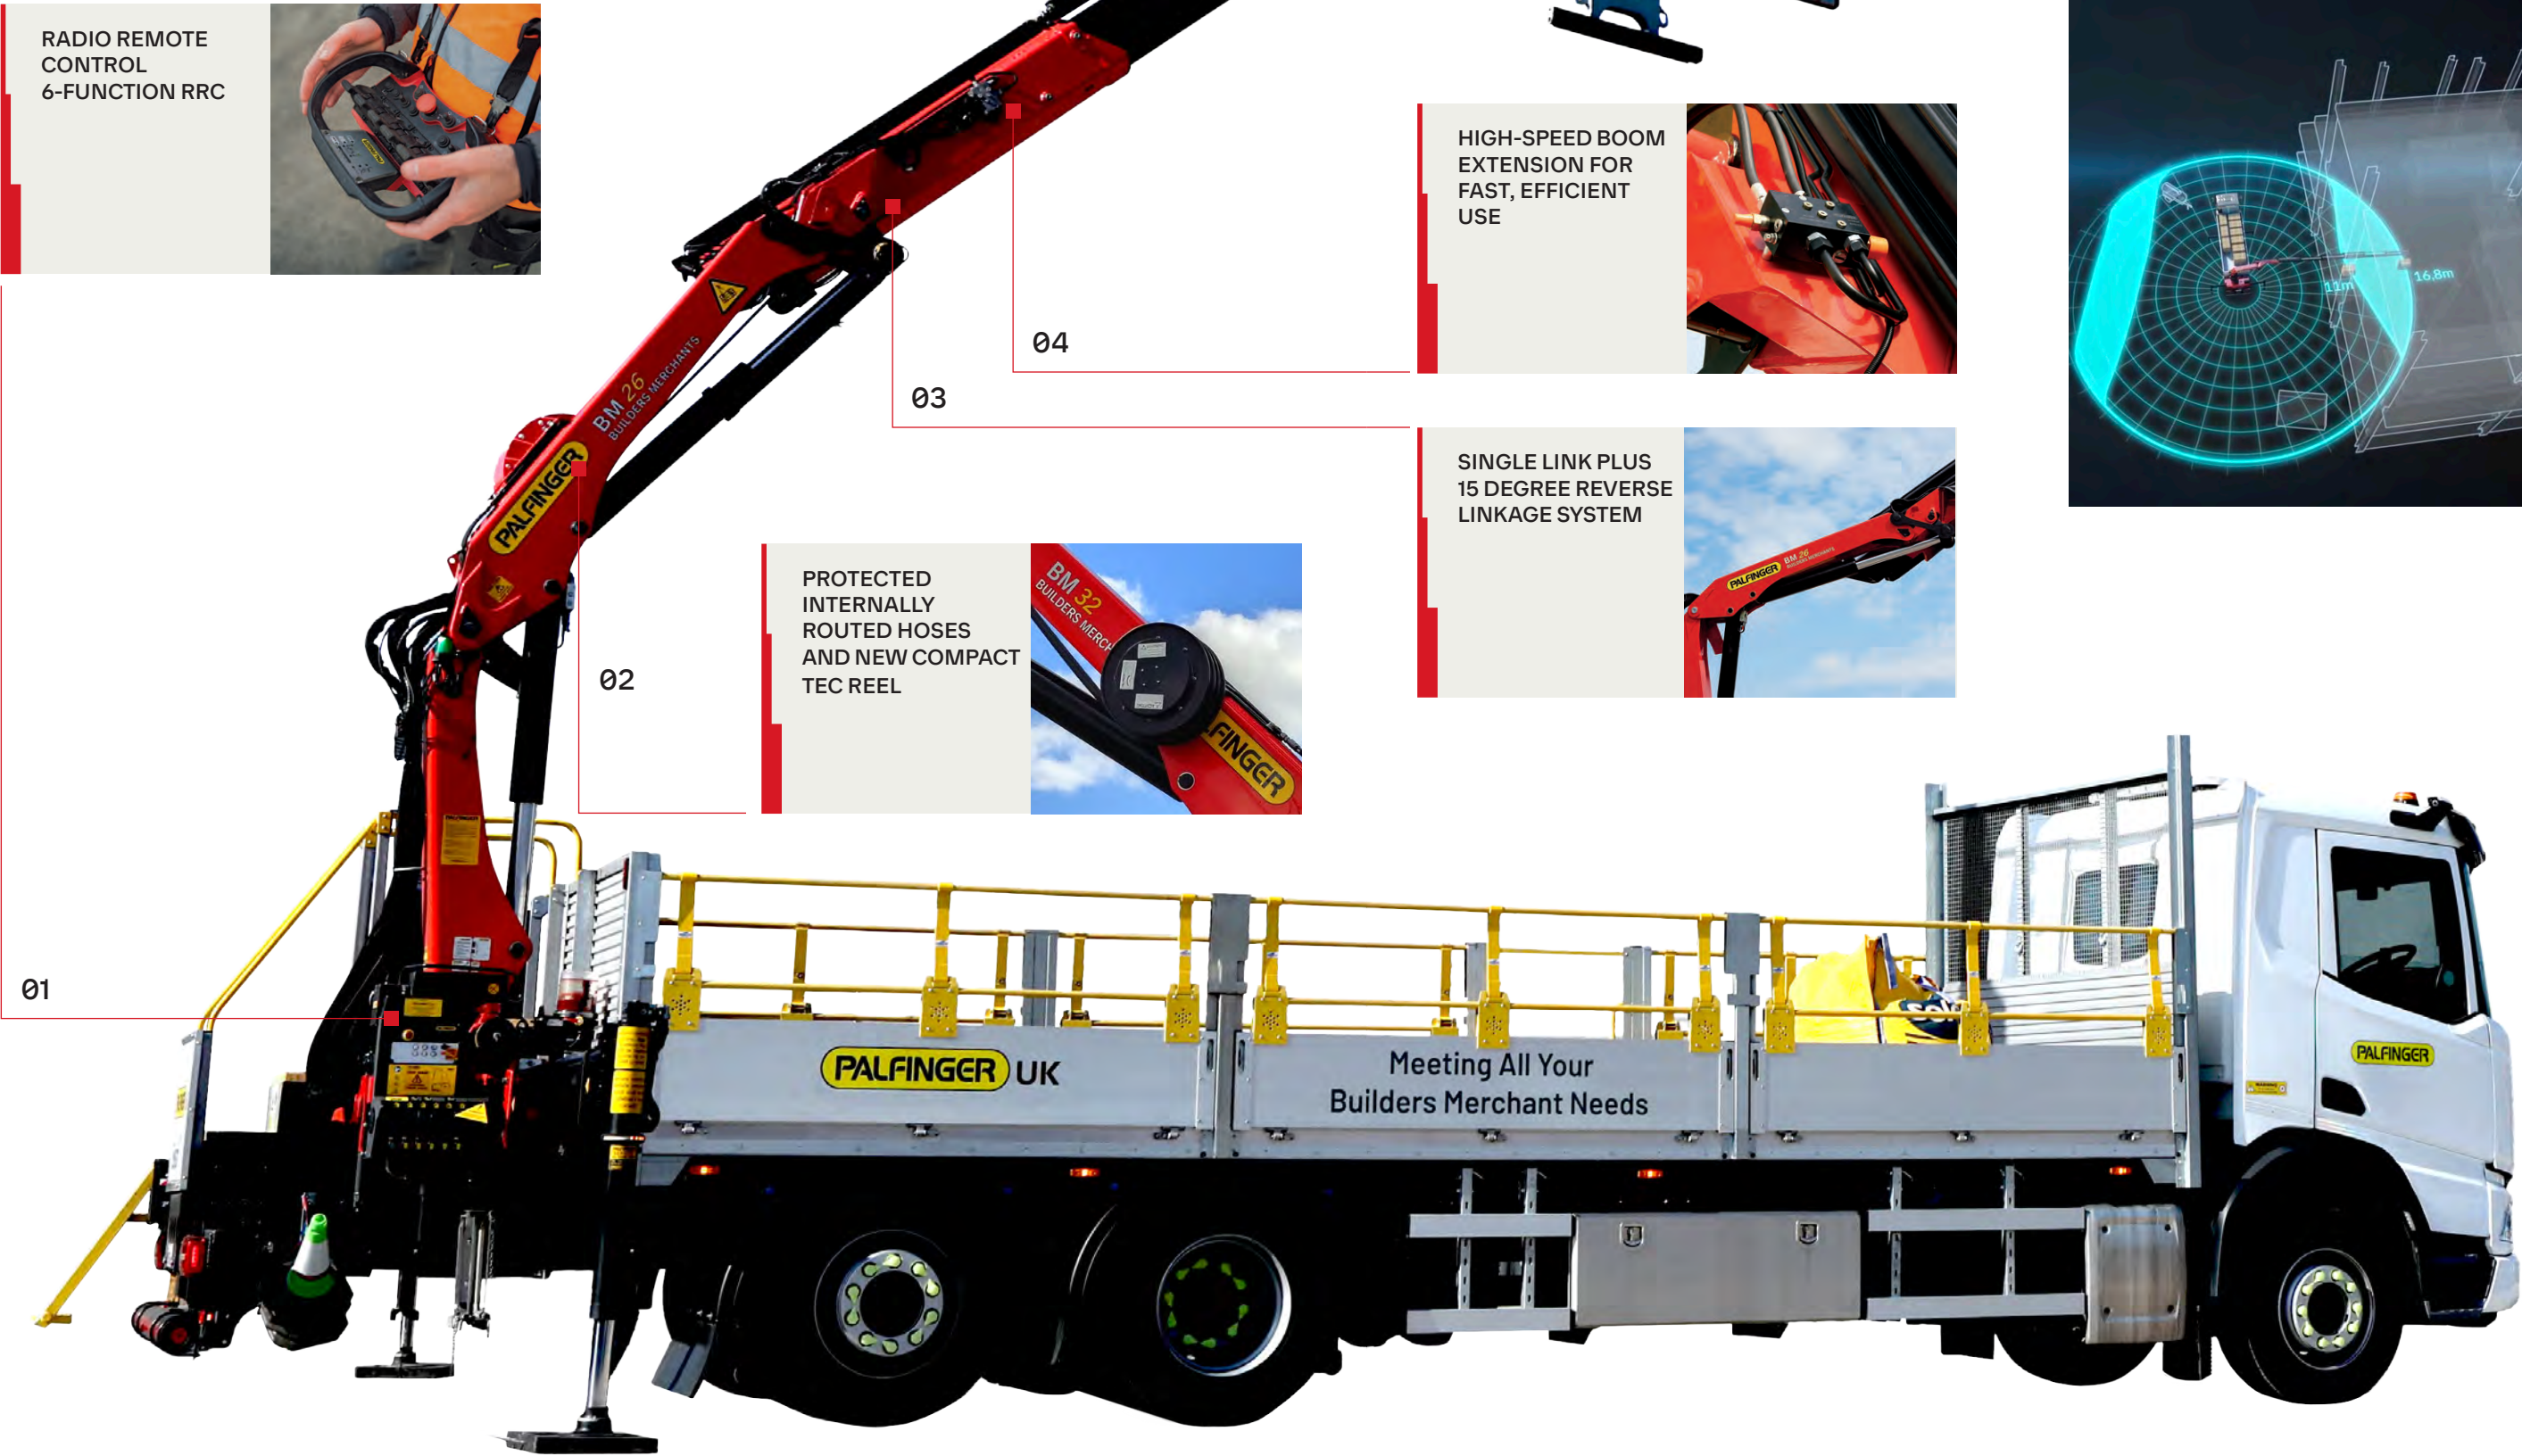

For increased capacity and reach when heavy-duty lifting is required. A powerful lorry loader crane for construction environments.

SOPHISTICATED GEOMETRY FOR STRAIGHTFORWARD LIFT & PLACE TASKS

HIGH-SPEED BOOM EXTENSION FOR FAST, EFFICIENT USE

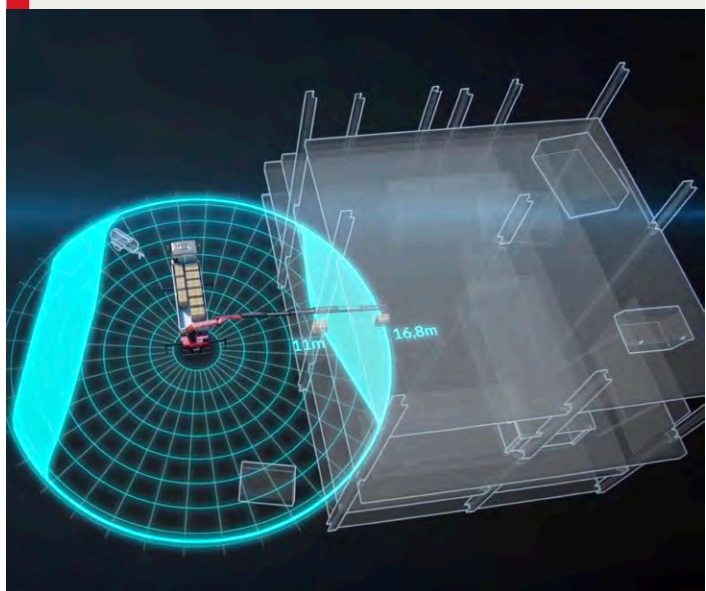

SINGLE LINK PLUS 15 DEGREE REVERSE LINKAGE SYSTEM

HPSC LOAD FOR LONGER REACH

With the option of HPSC Load, the performance of your crane is optimised by using load detection. The load on the truck bed can be used as a counterbalance to give the crane stability to extend it's range by up to 3 metres*. This is particularly valuable when space in the unloading area is limited.

*Dependent upon load weight

HIGH-QUALITY AFTERSALES FOR CRANE FLEET EFFICIENCY

PALFINGER UK know the importance of providing the highest standards of aftersales to keep your vehicles operational and to increase lifetime ROI.

We have invested in extensive staff training for our depot staff, and our 50+ Mobile Engineers to ensure that customer vehicles are maintained to a high standard.

Our experienced technicians use PALFINGER approved diagnostics, mechanical equipment and processes.

PALFINGER UK can generally supply product parts within a 24-hour window, which helps our customers to avoid delays and downtime.

Once your new crane is registered with PALFINGER UK, you have the option of accessing PALDESK, an online information platform providing full visibility and instant access to warranty details, product manuals and everything you need for fleet compliance.

MAINTAINING YOUR CRANES FOR OPTIMUM PERFORMANCE

We have PALFINGER UK Service Depots in London, Devizes, Leicester, Bradford and Falkirk, each with our own, qualified technicians, service bays and fully stocked PALFINGER Parts Departments.

When a crane requires attendance at your own site, one of our highly-trained Mobile Technicians will quickly get your vehicle operational again.

BRILLIANTLY SIMPLE CRANES TO GET THE JOB DONE

The PALFINGER BM family provides Builders Merchants with a range of reliable, easy to use loader cranes with the versatility, reach and lifting capacity to provide operating efficiency for deliveries of every kind.
