It's more than a roof

It's a Marley Solar Roof System.

LEARN MORE

Headline Sponsor
MPRA
Pitched Roofing Awards

You may just see a roof. But by installing the complete Marley Solar Roof System, you'll see benefits of a solution designed to work together, whilst making the most of the growing demand for roof integrated solar panels.

It's more than a roof, it's an opportunity for roofers.

- 29** Best use of slate for a domestic project
- 32** Best integrated solar application
- 34** Most innovative product
- 37** Sustainable project of the year
- 39** Outstanding contribution to the industry

We are delighted to be returning to Manchester for the Pitched Roofing Awards 2025, celebrating the very best UK roofing products and installations. Booming regeneration projects and ambitious housing targets have made for another busy and successful year for the sector – and this is reflected in the volume of fantastic entries for this year's awards.

Our shortlists are packed with innovation and hard work, completing projects of all shapes and sizes on time and surpassing client expectations. You can read through the finalists in the following pages and scan the QR codes to find out even more about their stories online.

As ever, competition was fierce across more than a dozen categories, and the judges had a tough task on their hands in picking out the top contenders. We are hugely grateful to our esteemed judging panel, who volunteered many hours of their time and expertise to examine all the technical details and end results before deciding on who the winners should be.

We would also like to thank our industry sponsors, profiled in the following pages, and all those who entered this seventh ever Pitched Roofing Awards event in Manchester. Without all this vibrant engagement, occasions like this simply would not be possible.

Today will be my first Pitched Roofing Awards having started as RCI editor earlier this year, and the level of skill and workmanship across a wide array of specialisms is something to behold. Our category for Outstanding Contribution to the Industry, meanwhile, is designed to profile some of the experts giving back most to this thriving sector, and so this provides a fitting climax to today's proceedings.

The entire RCI team, including events, editorial and commercial, is hugely excited to join you all at the magnificent Midland Hotel to celebrate excellence in pitched roofing. We are here to help throughout the day, so don't hesitate to come and say hello – if we don't get to you first!

Visit www.pitchedroofingawards.co.uk for further details as the 2025 winners are announced and make sure to use the hashtag #PitchedRoofingAwards on X and LinkedIn.

Enjoy your well-deserved day away from the tools and we hope to see you again in 2026.

Joe Ayling

EDITOR RCI MAGAZINE

MEET THE SPONSORS

HEADLINE SPONSOR

Marley

Marley is a leader in the manufacture and supply of pitched roof systems to the construction market through three main channel partners, comprising builders' merchants, roofing merchants and roofing contractors. A highly respected brand with 100-years of heritage, widely recognised in the UK roofing industry for their complete roofing range and system, service, reputation and quality.

Offering the most comprehensive pitched roofing system on the market - including concrete and clay roof tiles, roof fittings, timber battens, roof-integrated solar panels and roofing accessories. This complete roof solution offers an effective roofing system, which is designed and tested to work together - all supported by a 15-year roof system warranty.

www.marley.co.uk

MAIN EVENT SPONSOR

Burton Roofing Merchants

With 38 branches, 450 staff and more than 30,000 product lines, Burton prides itself on being 'The Roofing People', understanding that relationships with customers and supplier partners are the bedrock of our business.

We pride ourselves on our friendly, expert team who support our customers with every job, big or small. We offer an extensive range of quality products, competitive prices and availability of supply.

Our company structure, ownership and strategic partnerships allow our customers to have access to quality and innovative products

www.burtonroofing.co.uk

MAIN EVENT SPONSOR

Permavent

The industry leading UK supplier of roofing and walling membranes, Permavent continue to develop and innovate the next generation of construction products, making building better and safer. Permavent provide essential technical support from design to conclusion on all project types, providing the safeguard of guaranteeing the correct choice and specification of product meets the chosen application. Shortlisted for awards at both RCI Façade and Pitched Roofing Awards this year demonstrates that innovation and technical excellence is a core value within the Permavent business as the company continue to push the boundaries of product innovation.

www.permavent.co.uk

CATEGORY & MAIN EVENT SPONSOR

SIG Roofing

The UK's largest specialist merchant of roofing related products and services.

www.sigroofing.co.uk

MAIN EVENT SPONSOR

BMI Redland

Redland is built on our experience as a leading manufacturer of pitched roofing systems. This experience, gained over 100 years, gives us the ability to deliver the reliability and expertise you'd expect from the UK's first concrete roof tile manufacturer and home of established trusted names like Rosemary and Redland 49.

We provide full roof solutions from roof tiles and underlays to eaves systems and ridges. All elements of our roofs are carefully designed, tested and manufactured to give value, visual appeal and a long-lasting weathertight performance.

www.bmigroup.com/uk

MAIN EVENT SPONSOR

Langley

At Langley we have unrivalled expertise and experience in roofing solutions going back to the 1920s. We began specialising in flat roofing membranes in the early 1960's and, in 1972, introduced the first SBS modified bituminous membrane system to the UK market. Our industry-leading people, systems and services promote trust and peace of mind. We use our expertise to design, install and construct sustainable solutions with environmental, social and economic benefits.

www.langley.co.uk

HOST & CATEGORY SPONSOR

ALM (Associated Lead Mills)

Associated Lead Mills is the UK's leading distributor of Rolled Lead and ancillary products, and ALM HM the largest Hard Metal and ancillary supplier to the UK building industry. Through excellent work ethics and unparalleled service we have become leaders in our field.

Due to the success of both Lead and Hard Metal Sales and to ensure continuation of customer first service, ALM has now defined two sides of the business as ALM & ALM HM. ALM covers all lead enquiries and ALM HM covers multi metals including Zinc, Copper, Stainless Steel, Steel, Aluminium and all accessories. All the knowledge is under one roof but with separate offices and phone numbers to ensure customers get through to the right people first time.

www.associatedlead.co.uk

DRINKS RECEPTION SPONSOR

Northstone

Northstone Materials is a UK-based building materials supplier, a subsidiary of the global building materials company CRH plc. For over 60 years, it has supplied construction materials like roof tiles, aggregates, asphalt, concrete and concrete blocks in the UK and Ireland. The company emphasizes quality, service, safety, and sustainability in its operations.

www.northstone-ni.co.uk

MEET THE SPONSORS

CATEGORY SPONSOR

Glidevale Protect

Glidevale Protect offers a comprehensive solution for roofing applications. This includes one of the broadest ranges of pitched roof underlays available from a single manufacturer and a wide selection of roofing ventilation suitable for all tile and slate roofs, helping to reduce condensation risk in cold or warm roof structures. A complete package of roofing accessories is available, designed to complement the roofing product portfolio. We also provide a range of solutions for use with in-roof solar PV panels, including underlays and ventilation products, along with a 15 year product warranty when our underlays and ventilation products are used as a complete system, offering quality assurance across our range.

www.glidevaleprotect.com

CATEGORY SPONSOR

wienerberger

wienerberger is the UK's leading provider of wall, roof and landscaping innovations, offering outstanding, sustainable solutions for new build and renovation.

Founded in 1819 and with headquarters in Vienna, wienerberger is the world's largest producer of bricks and clay blocks, as well as being the market leader for clay roof tiles. The business is represented in 30 countries with 197 production sites. We support and enable the construction industry to create a better future for the built environment, by providing outstanding, sustainable building solutions, long-lasting partnerships and exceptional, enduring careers.

www.wienerberger.co.uk

CATEGORY SPONSOR

Kytun

Kytun's comprehensive range of roofing, and ventilation, products for Roofing Contractors who require high-quality, long-lasting roofing products.

Our products are manufactured for quick and easy installation, ensuring faster completion of your most challenging projects.

For over 35 years, our innovative portfolio has been the leading choice for some truly remarkable projects due to its aesthetics, versatility and ability to outlast even the harshest weather conditions.

www.kytun.com

CHARITY PARTNER

In aid of

NSPCC

The NSPCC are the UK's leading children's charity. We've been looking out for children for over 140 years – and we couldn't do it without you.

www.nspcc.org.uk

MEET THE JUDGES

CRAIG FYALL, TECHNICAL DIRECTOR, PERMAVENT

Craig has worked in construction for over 35 years with the last 20 years providing extensive knowledge and experience in roofing and construction membranes dealing with roofspace condensation control, airtightness, reflective thermal technology and building structure fire safety. In 2012 Craig led the design team in the specification and detailing of the first Passivhaus 56-bedroom care home in the UK. With his extensive product knowledge Craig has developed products that are now extensively used in the construction industry.

STEWART ROWLES, MANAGING DIRECTOR MASTER ROOFERS UK, ASSOCIATION OF MASTER ROOFERS

An experienced roofer and roof restoration specialist, Stewart Rowles has worked in the heritage roofing sector for over 25 years. He has worked on many prestigious buildings and projects, specialising in ornate leadwork and heritage slating and tiling, among other traditional skills. Stewart is also managing director at Master Roofers UK (MRUK), an online community of over 60,000 roofers and industry personnel.

Another initiative under the MRUK banner includes the Master Roofers Training Academy where Stewart and other tutors teach roofing skills to 100s of students each year. These and many other projects can be found at www.masterroofers.co.uk

JIM SMITH, HEAD OF TECHNICAL, GLIDEVALE PROTECT

James Smith is the Head of Technical at Glidevale Protect, a leading building materials specialist for the housebuilding and wider built environment sector. With over 15 years of experience, James has built expertise in the design, development, and application of roofing systems, insulation materials, and high-performance fabrics.

Throughout his career, James has worked at the forefront of innovation and regulation, helping to shape products that meet both technical performance demands and statutory requirements. His background spans not only construction materials, but also the development of protective fabrics used in workwear, pharmaceutical packaging, and cold chain logistics.

DUNCAN WINTER, COMMERCIAL DIRECTOR, SIG ROOFING

Duncan Winter is the UK Commercial Director for SIG Roofing, the largest roofing merchant in the UK. Being in the the UK roofing sector for over 20 years, Duncan has built a strong foundation in the roofing sector from working in contracting, product training to managerial roles. At SIG Roofing, Duncan now leads commercial activity across all roofing solutions, using his extensive product and market expertise.

Duncan is a seasoned leader driving SIG's commercial growth in roofing building materials. He also sits on the NFRC Roofing Suppliers Group with the aim to support the industry with supply chain communication and supporting the industry with new challenges.

Since 1997, Associated Lead Mills - better known as **ALM** - has established itself as a leading force in the UK's metals and roofing supply sector. With a reputation built on reliability, innovation, and outstanding customer service, ALM is committed to providing you with a **positive partnership**.

As the UK's premier distributor of **Enviro-Lead**, ALM stands out as the only manufacturer to produce rolled sheet, machine cast, and traditional sand-cast lead under one roof. This Enviro-Lead is manufactured to **BS EN 12588 standard** and comes with an impressive **50-year warranty**, ensuring peace of mind and lasting performance. Enviro-Lead is also recognised as **more durable, more carbon friendly, and more economical** than any man-made alternative.

Beyond Enviro-Lead, ALM maintain large stocks of **Premium Roofing Products** lead **ancillaries**, supporting your projects with confidence.

ALM's Hard Metals division, **ALM HM**, is the UK's foremost supplier of **zinc, copper, stainless steel, and aluminium** roofing products - along with all related accessories. With an extensive selection of products, all available from a single trusted supplier, ALM stands out as the preferred choice for professionals across the UK roofing and construction industry.
