Chairs: Jian Farhadi & Eric Santamaria

- Capsular Contracture and Management of the Capsule, **Paolo Montemurro**
- Panel Discussion - why are there different rates in the North America compared to Europe?, **Patricia McGuire, Mark Pacifico & Paolo Montemurro**

10:00 - 10:30 Break and exhibition viewing

10:30 - 11:40 **Advances and Refinement of Implant Reconstruction**

Chairs: Cornelia Leo & Maurice Nahabedian

- Unilateral breast reconstruction: Technical strategies for symmetry, **Andrea Morreira**
- Salvaging Implant Reconstruction without Reverting to Autologous Reconstruction, **Nicola Rocco**
- Conversion from prepectoral to submuscular plane: When, why and how?, **Roy De Vita**
- Mesh and implant reconstruction- what, why and how?, **Ash Kothari**
- Implant reconstruction failure- aesthetic strategies for removal, alternative reconstruction and the role of the LD, **Cicero Urban**
- Panel Discussion

11:40 - 12:00 **Sponsored symposium: The right device for the right case. My personal experience, my decision algorithm, }**

Roy de Vita, Supported by Q Medical

PROGRAMME

12:00 - 12:45 **Best Papers in Aesthetic, Oncological and Reconstructive Surgery-** Comparing Surgeon reported vs Patient Reported outcomes

Chairs: Eric Santamaria & Christoph Tausch, Marc Pacifico, Nicola Rocco & Elisabeth Kappos

12:45 - 13:00 **Conference group photo**

13:00 - 14:00 **Lunch and exhibition viewing**

14:00 - 15:05 **Lipofilling**

Chairs: Mark Ho Asjoe & Koen Van Landuyt

- Tribute to Eric Auclair
- Comparison of techniques, **Ramon Llull**
- Lipofilling with cryopreservation, **Roy De Vita**
- Total Breast Reconstruction with Autologous Fat Grafting, **Klaus Ueberreiter**
- Treatment of cysts and fat necrosis, **Ed Chang**
- Panel discussion: Pre and post-operative strategies to improve fat retention after fat transfer, **Ramon Llull, Roy De Vita, Klaus Ueberreiter & Ed Chang**

15:05 - 15:25 **Sponsored symposium:** Endoscopic NSM, techniques and clinical evidence review,

Antonio Toesca, Supported by Applied Medical

15:25 - 15:55 **Astley Cooper Keynote Lecture:** Are AI and Robotics Compensating for the Lack of Experience, **JP Hong (introduction by Jaume Masia)**

15:55 - 16:30 **Break and exhibition viewing**

09:00 - 10:00 **Deep Dive into Lymphoedema Surgery**

Chairs: Ed Chang & Jaume Masia

- Prevention surgery: cost, time vs outcome benefit of LVA, **Andrea Moreira**
- Comparing microsurgical vs conservative treatment for breast cancer related lymphoedema, **Elisabeth Kappos**
- Non -surgical therapy for lymphoedema, **Curro Millan**
- Novel flaps for lymphoedema, **Mark Schaverien**
- Panel discussion: Is there a reducing rate of lymphoedema

10:00 - 10:30 **Keynote Lecture:** From microsurgery to supramicrosurgery, A Personal Journey
Koen Van Landuyt (introduction by Marlene See)

10:30 - 11:00 Break and exhibition viewing

11:00 – 12:30

Parallel A: Microsurgical Reconstruction

Achieving the Gold Standard in Autologous Reconstruction

Chairs: Venkat Ramakrishnan & Koen Van Landuyt

- Nipple sparing Mastectomy and Free Flaps Reconstruction, **Ed Chang**
- Aesthetic considerations- patient vs surgeon outcomes, **Andrea Morreira**
- Fat necrosis in flaps - strategies to avoid this and the role of imaging, **Gemma Pons**
- Discussion

Tips and Tricks of Autologous Reconstruction

Chairs: Gemma Pons & Ed Chang

- The SGAP flap, **Paul Roblin**
- The LAP flap, **Koen Van Landuyt**
- Thigh flaps, **Venkat Ramakrishnan**
- Insetting of the delayed flap reconstruction, **Mark Schaverien**

11:00 – 12:30

Parallel B: Oncoplastic Surgery

Chairs: Roy De Vita & Elisabeth Kappos

- Intra-operative confirmation of resection margins and review of the imaging devices, **Ash Kothari**
- Radiotherapy Planning following Complex Oncoplastic Surgery, **Orit Kaider-Person**
- Identification of tumor bed after Oncoplastic Resection, **Alessandra de Scalzi**
- BCS in small breasts- what are the limits, **Cornelia Leo**
- Management of Recurrent cancer following breast conservation surgery, **Nicola Rocco**
- Reducing the skin envelope in nipple sparing mastectomy, **Benjamin Sarfati**
- Discussion

Panel Discussion: Complex oncological and aesthetic scenarios and the treatment algorithms

12:30 – 13:30 Lunch and exhibition viewing

13:30 - 14:30 **Free Paper Session**

Chair: Elisabeth Kappos & Paul Roblin

14:30 - 15:10 **Innovation and technology**

Chair: Andrea Moreira & JP Hong

- Robotics in breast surgery, **Benjamin Sarfati**
- The use of PRP in breast surgery, **Abel De La Peña**
- Tranexamic acid- friend or foe?, **Mark Schaverien**
- Discussion

15:10- 15:45 Break and exhibition viewing

15:45 - 17:10 **Implant Technology**

Chairs: Maurice Nahabedian & Jian Farhadi

- The use of polyurethane implants in aesthetic and reconstructive surgery, **Roy De Vita**
- Medical Grade silicone and its application in breast implants, **Enda Heery**
- Breast implant illness - uncovering the aetiology, **Patricia McGuire**
- ALCL and the prophylactic explantation of macro-textured implants, **Nicolo Rocco**
- Breast Implant Registries, Standards of Care and Regulations, **Lee Martin**
- What's on the Horizon in Breast Surgery, **Jaume Masia**
- Discussion

17:10 – 17:15 **Summary and close of conference**
