Welcome all to the Pitched Roofing Awards 2023. The RCI team is very excited to join you all in celebrating excellence in pitched roofing design. As an industry providing an essential service, the Awards reflect the underlying strengths of the sector in all categories. Everyone who has been shortlisted for a coveted trophy should feel immensely proud of their achievements for getting here from among a highly competitive field. The quality of entries we received for the 2023 awards have been excellent and our esteemed judging panel, who generously shared their time and expertise, with the tough task of poring over the submissions and sifting through the brilliance on display, before deciding on who the winners should be. Here at RCI, we would like to thank everyone who has supported the Pitched Roofing Awards 2023 – to those who submitted entries, our independent panel of judges, and our sponsors for supporting these awards, as without whom, this great celebration wouldn't be possible. Inside this brochure, you will find details of all the shortlisted entries in every category. While we aren't able to include the details of the nominations in this supplement, you can read more about each entry by scanning the QR code at the top of each page to show you what caught the judges' eyes and highlight some of the projects the outstanding installation teams have worked on. To all our finalists and winners, well done on all that you have achieved. You and your teams have demonstrated excellence to reach this stage. Finally, if you believe that your project could stand proud alongside the Pitched Roofing Awards 2023 finalists and winners, put a note in your diary to start thinking about putting together a nomination for the 2024 awards.

Visit www.pitchedroofingawards.co.uk for further details as they are announced.

Gabriel Day

EDITOR RCI MAGAZINE

MEET THE SPONSORS

The Pitched Roofing Awards are held in association with the following sponsors

HEADLINE SPONSOR

BMI Redland

From proven heritage to future focus, BMI Redland is built on our experience as both a leading manufacturer of pitched roofing systems and a steadfast partner to our customers. This experience, gained over 100 years, gives us the ability to deliver the reliability and expertise you'd expect from the UK's first concrete roof tile manufacturer and home of established trusted names like Rosemary and Redland 49. We provide full roof solutions from roof tiles and underlays to eaves systems and ridges.

DRINKS RECEPTION SPONSOR

Northstone

Northstone (NI) Limited is the largest construction and building materials group in Northern Ireland. Its divisionalised structure is made up of three operational divisions namely Farrans, Northstone Materials and CUBIS Systems which form a vertically integrated business.

HOST SPONSOR

ALM (Associated Lead Mills)

Associated Lead Mills Ltd is a leading distributor of Rolled Lead and ancillary products, and ALM HM the largest Hard Metal and ancillary supplier to the UK building industry. Through excellent work ethics and unparalleled service we have become leaders in our field.

MAIN SPONSORS

ALM (Associated Lead Mills)

Associated Lead Mills Ltd is a leading distributor of Rolled Lead and ancillary products, and ALM HM the largest Hard Metal and ancillary supplier to the UK building industry.

Due to the success of both Lead and Hard Metal Sales and to ensure continuation of customer first service, ALM has now defined two sides of the business as ALM (01992 444100) and ALM HM (01992 801927). ALM covers all lead enquiries and ALM HM (Hard Metals) covers multi metals including Zinc, Copper, Stainless Steel, Steel and Aluminium.

SIG Roofing

SIG Roofing has everything you need under one roof. Whatever you need for your roofing project, with over 100 branches nationwide, SIG Roofing's got it covered for you. Our friendly, local teams are always ready to share their passion for roofing, expertise, knowledge, and impartial advice. With access to over 40,00 roofing products, from all of the leading manufacturers, we are the specialists in pitched, flat, commercial and industrial roofing.

Wienerberger

Wienerberger is the UK's leading provider of wall, roof and landscaping innovations, offering outstanding, sustainable solutions for new build and renovation. Founded in 1819 and with headquarters in Vienna, Wienerberger is the world's largest producer of bricks and clay blocks, as well as being the market leader for clay roof tiles. We support and enable the construction industry to create a better future for the built environment, by providing outstanding, sustainable building solutions, long-lasting partnerships and exceptional, enduring careers.

TABLE GIFT SPONSOR

Cedral

Cedral fibre cement cladding is the ideal choice for those requiring a low-maintenance facade solution, transforming new-builds and renovations into stunning properties.

Available in two applications, Cedral Lap and Cedral Click offer the same benefits while allowing for an individual aesthetic.

CATEGORY SPONSORS

ALM (Associated Lead Mills)

Associated Lead Mills Ltd is a leading distributor of Rolled Lead and ancillary products, and ALM HM the largest Hard Metal and ancillary supplier to the UK building industry.

Due to the success of both Lead and Hard Metal Sales and to ensure continuation of customer first service, ALM has now defined two sides of the business as ALM (01992 444100) and ALM HM (01992 801927). ALM covers all lead enquiries and ALM HM (Hard Metals) covers multi metals including Zinc, Copper, Stainless Steel, Steel and Aluminium.

Master Roofers UK

The Association of Master Roofers is a not for profit organisation founded by industry professionals for the betterment of UK roofing standards and competence.

SIG Roofing

SIG Roofing has everything you need under one roof. Whatever you need for your roofing project, with over 100 branches nationwide, SIG Roofing's got it covered for you. Our friendly, local teams are always ready to share their passion for roofing, expertise, knowledge, and impartial advice. With access to over 40,00 roofing products, from all of the leading manufacturers, we are the specialists in pitched, flat, commercial and industrial roofing.

MENU SPONSOR

Onduline Building Products

Onduline is a worldwide leading design and manufacturer of light weight cost effective waterproofing solutions for commercial, agricultural, housing and DIY sectors. Onduline's market leading roofing solutions are versatile in application and design. The bituminous corrugated roofing ranges are globally popular and provide guaranteed waterproofing.

BMI Redland

From proven heritage to future focus, BMI Redland is built on our experience as both a leading manufacturer of pitched roofing systems and a steadfast partner to our customers.

This experience, gained over 100 years, gives us the ability to deliver the reliability and expertise you'd expect from the UK's first concrete roof tile manufacturer and home of established trusted names like Rosemary and Redland 49.

We provide full roof solutions from roof tiles and underlays to eaves systems and ridges.

SIGA Slate

SIGA Slate carefully manages every single step of the journey, from the quarry to the roof. This monitoring and careful selection ensures that your slate roof is not only aesthetically beautiful and strong, but that you also have consistency and traceability that's second to none. Our slates are backed by genuine warranties of up to 75 years, proof that we truly believe that they can deliver. All our slates are fully compliant with the Construction Product Regulations, are CE marked and traceable back to source.

MEET THE JUDGES

The judging process for the Pitched Roofing Awards relies on the expertise of an impartial

PAUL HATTEE, CHAIRMAN, BURTON ROOFING GROUP

Paul Hattee is a well-respected member of the roofing industry. With over 33 years experience, he's Chairman of the ambitious Burton Roofing Group. Paul joined the business in 1993 as Assistant Branch manager when it comprised two branches turning over £4 million. Within four years he was made a Director of the business and oversaw its expansion through acquisitions and new depots, which created a company with an annual turnover of £65 million.

In 2017, Paul was made managing director and in 2021, lead the acquisition team which bought Rinus Roofing. In 2023, he was made Chairman of the Burton Roofing Group that has a turnover of £160 million and a 38-strong branch network.

GRAEME MILLAR, OWNER GRAEME MILLAR ROOFING CONSULTANTS

Graeme Millar is a 5th generation Roofing Contractor based in Peebles in the Scottish Borders.

Graeme has been Managing Director and owner of the family business of Bain and Irvine since 1987 following his father, grandfather, great grandfather and great great grandfather.

Graeme has dedicated his working life to Slating and Tiling and, in particular, Heritage and Conservation projects.

A former Chairman of the Scottish Region of the NFRC, a former President of the NFRC, chairman of both the Slating and Tiling and Heritage committees at the NFRC, governor and board member of the IOR and currently President of the International Federation of the Roofing Trade.

Graeme has dedicated his time in all the above offices for the betterment of this "wonderful industry".

CHRIS MILLER, MANAGING DIRECTOR, THE ROOFING CORPORATION

Chris Miller, managing director of The Roofing Corporation has more than 30 years' experience in the roofing industry. The successful family-run business specialises in traditional slating, handmade clay tiles, specialist lead works and various flat roof coverings.

Currently employing 12 full-time employees, which includes four CITB apprentices, The Roofing Corporation prides itself on offering bespoke methods, such as adding personal touches to jobs to make them unique. Chris is passionate about training and up-skilling to a professional level, believing you should never stop learning.

panel of industry experts ensuring the process is objective and fair

KEITH ROBERTS, PRINCIPAL, ROBERTS CONSULTING

Keith Roberts is a chartered civil and structural engineer with more than 40 years' experience in the construction industry, specialising as an independent roofing consultant since 1991. He has undertaken the roof design of public and commercial buildings and inspected more than 300 metal and waterproof membrane roofs throughout the UK and Ireland. His investigations have focussed on wind induced roof failures, rainwater goods performance and the reliability of roof systems.

Keith has taught roof design and has written more than 200 technical notes published in RCI. Internationally he has presented papers at conferences in Europe and North America and has been the Co-ordinator of CIB Working Group W83. In recent years much of Keith's time has been spent offering independent advice to resolve disputes, identifying the causation of defects and options for remedial works.

STEWART ROWLES, DIRECTOR, MASTER ROOFERS UK

An experienced roofer and roof restoration specialist, Stewart Rowles has worked in the heritage roofing sector for over 20 years. He has worked on many prestigious buildings and projects, specialising in ornate leadwork and heritage slating and tiling, among other traditional skills. Stewart is also managing director at Master Roofers UK, an online community of 11,500 roofers and industry personnel. Even though Stewart is still carrying out roofing projects throughout the country, he is now heavily focused on raising the profile of roofers and roofing-based education in the UK. He writes roofing related articles for construction-based publications, and also has his own online video and content series on social media and YouTube called 'The Rowles Report', where he highlights the UK roofing industry and shares case studies about interesting work, technical advice and debate key issues.

ONDULINE® BATTEN
CLOAKING PIECE

ISOLINE® LOW LINE

Bituminous corrugated underlay sheet, made from 50% recycled fibres. Robust with guaranteed waterproofing for 30-years.

ONDULINE® EAVES
VENTILATOR STRIP

ONDULINE® AIR

Highly vapour permeable, breathable membrane with superior tensile strength and durability.

ONDULINE® EAVES TRAY

ISOLINE® LOW LINE

Complete sub-roof system for low pitch roofs

A unique under roof waterproofing system that can be used on a roof pitch as **low as 10° for all roof tiles**. The ISOLINE® sub-roof acts as the primary waterproofing, making roof tiles a secondary line of defence.

Protection like no other!

MASTER ROOFERS UK

Master Roofers UK is an organisation dedicated to improving the standard of roofing excellence in the UK by means of education, recognising skill and sharing vital resources and articles relating to the very traditional craft of roofing.

Master Roofers UK has been an essential space for tradespeople since 2015 when an online community was formed to support those in the industry looking to better themselves through networking, learning and sharing resources.

That community now stands at a staggering 50,000 members in various groups and forums. MRUK are passionate and driven to improve the UK roofing industry for tradespeople and experts in their own field, celebrating craftsmanship and creativity in roofing.

www.masterroofers.co.uk

THE ASSOCIATION OF MASTER ROOFERS

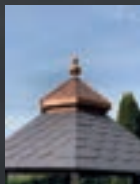

The Association of Master Roofers is a not-for-profit organisation founded by industry professionals for the betterment of UK roofing standards and competence.

We focus on enhancing the profile of roofing within the UK by recognising and rewarding skill and good practice in all areas of roofing, from manufacturing to installation and all the myriad of roles and disciplines within it.

Our team are seasoned professionals in the roofing sector. Some are craftspeople, others are supply chain professionals, national business professionals, mentors and experts in the training sector, all of whom have a huge passion for making positive changes in UK roofing.

This diversity of individuals gives us a massive understanding of the roofing sector.
