

FleetCheck

The UK's most recommended fleet software

A man with a beard, wearing a dark jacket and a high-visibility yellow vest, is looking down at a smartphone. He is standing in a parking lot with several cars visible in the background. The image has a blue overlay. The text "Be ready for anything" is written in white, bold, sans-serif font, with a yellow underline under the word "anything".

**Be ready for
anything**

Imagine starting your day knowing exactly where you stand

No more chasing information across different systems. No more bleeding money on fuel waste, surprise repair bills, & budget overruns. No more sleepless nights before MOT deadlines or last-minute audit panic.

FleetCheck connects all your vehicle, driver, & asset data in one centralised platform, giving you unparalleled visibility & control. Whether you're managing 5 vehicles or 50,000, you can scale with confidence.

Connect all your data in one place

Connect your data & see your fleet at a glance, removing the frictions of scattered systems.

Cut your costs

Spot where you're overspending & make smarter decisions about when to service, replace, or reallocate your vehicles.

Save admin time

See what you need instantly with digital dashboards, instead of spending hours chasing paper trails or phoning around.

Stay compliant without the stress

Monitor compliance in real-time & flag potential issues before they become expensive regulatory headaches.

Never miss a key date

Track every MOT, service, licence check, & safety inspection with unique traffic light alerts, so nothing gets missed.

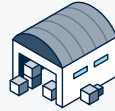

Take control

With FleetCheck

Manage any fleet of any size

Whether you're a start-up or a national corporation, manage fleets of any size & complexity – from cars, vans, HGVs, trailers, grey fleet, & more.

Scale with ease

Add new vehicles, open new depots, or expand across regions, & let our system grow with you – all whilst staying simple & straightforward to manage.

Complete audit readiness

As a validated IT supplier for DVSA Earned Recognition & the only FORS-approved fleet management platform, we give you all the tools & systems you need to feel confident & audit-ready.

Extract intelligent insights

Go beyond gut feeling & guesswork. Use analytics to challenge assumptions, validate business cases, & sharpen your strategy – from fleet mix optimisation & driver risk management to cross-depot cost analysis & emissions reduction.

Built-in flexibility

With customisable views & bespoke reports, you can tailor the platform to your unique operational needs, without requiring technical support.

Make fleet a business asset

Transform your fleet system into a live data source that feeds the entire organisation. Connect vehicle availability to resourcing tools, push cost metrics to finance systems, & share risk profiles with insurance brokers.

All your fleet data In one place

FleetCheck integrates with over 100 different third-party systems to automatically bring all your information sources together, giving you a single view of your operations.

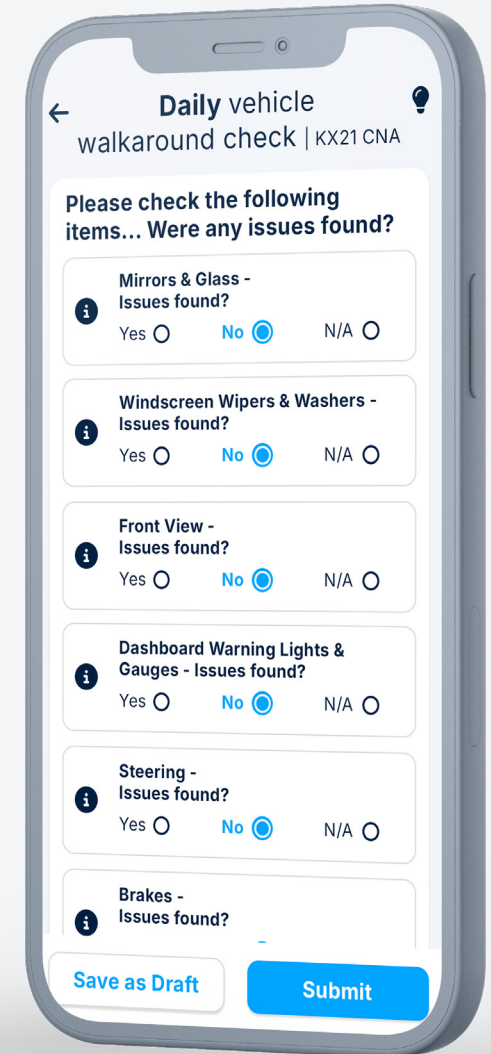

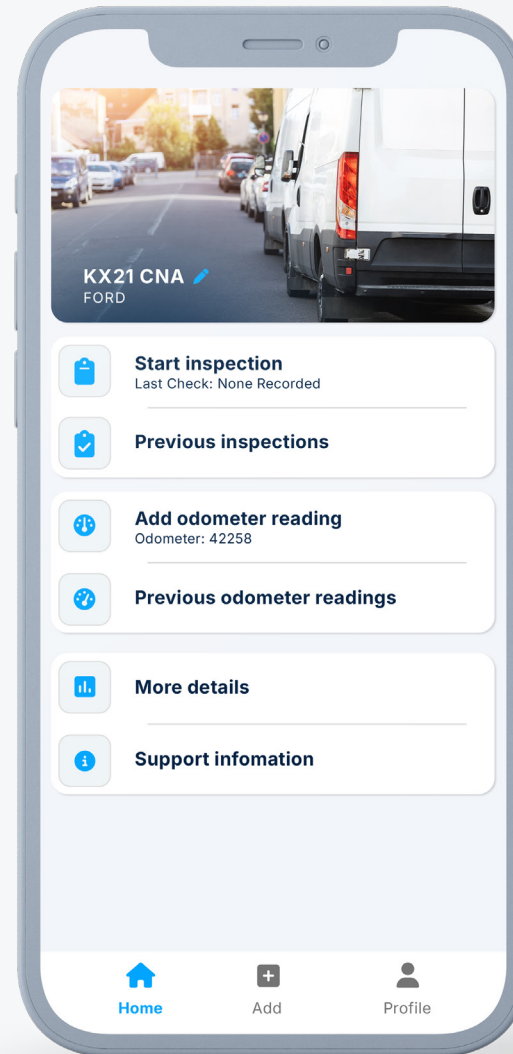

Paperless walkaround checks

FleetCheck Driver

An intuitive app giving you real-time check visibility, instant defect reporting, & a complete audit trail, so you can see what's happening across your fleet.

£3 a month per vehicle

- ✓ **See who's completed their checks**, who hasn't, & how long it took
- ✓ **Instant defect notifications** with photos & annotations for quicker repairs & safer vehicles
- ✓ **See every defect** and where it is in the repair process, so nothing gets missed
- ✓ **Drivers confirm they're fit to drive** before they set off, keeping drivers safe and compliant
- ✓ **Audit-ready** when you need it with timestamped records, organised & easily accessible

Centralise your fleet data

FleetCheck Essential

The fleet management platform that gets you off spreadsheets, centralises your vehicles, drivers, key dates, and documents in one place, so nothing gets missed or catches you out.

£4 a month per vehicle

- ✓ **Never miss a key date**, with MOTs, services, & licence expiries flagged using traffic light alerts
- ✓ **All your fleet documents centralised** & accessible - invoices, insurance certificates, & training records in one place
- ✓ **Fully integrated with FleetCheck Driver** - walkaround checks & defects feed directly into the platform
- ✓ **Automatically import fuel card data** for better cost control & forecasting
- ✓ **Integrate your telematics data** for insights around excess mileage, mpg, emissions, & service alerts
- ✓ **Track & report on key cost centers** - maintenance, fuel, finance/leasing cost, & tolls
- ✓ **Know who drove which vehicle & when** essential for assigning PCNs & fines

The screenshot displays the FleetCheck Essential dashboard. The top navigation bar includes icons for Organisation, Vehicles, Drivers, Mobile App, Reports, Dashboard, and More. The main content area is titled 'Overview' and features several key metrics:

- 0 Pool vehicles free today
- 0 Open defects
- 12 Vehicles without driver

A 'Main details' pop-up window is shown for a vehicle with registration KE71 WBD, a Mercedes Sprinter. The details include:

- VIN: WDB9046632R67405
- Reg date: 01/08/2021
- Mileage: 360000
- Driver: Jack Winter
- Status: Out of warranty

Below the pop-up, a 'Recent vehicle' table is visible, showing a list of registrations and their associated dates:

Registration	Date
VX24TTS	15/07/2025
DT24EUU	03/12/2025
VX24TTS	27/11/2025
DT24EUU	21/07/2025
DT24EUU	15/07/2025
VX24TTS	15/07/2025

For mixed fleets & complex compliance

FleetCheck Professional

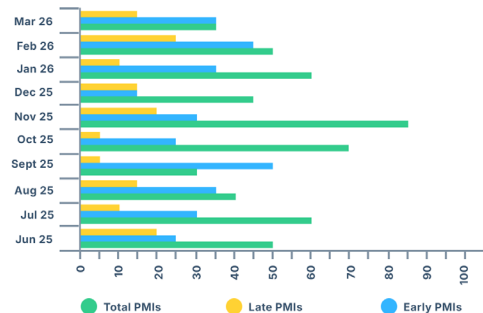

An integrated fleet & asset management platform for fleets that need more. Deeper insights, deeper integrations & complete compliance, efficiency & control at every level of your operation.

£6 a month per vehicle (most popular)

- ✓ **Manage every complexity of fleet** including O licence, LCVs, trailers, pool cars, grey fleet, & MHE assets
- ✓ **Know everything about your drivers -** incidents, licences, training records, PCNs, medical records, & equipment allocation
- ✓ **Advanced reporting** & budgeting tools for P11D & TCO reporting
- ✓ **Integrate your key fleet data** across telematics, tachograph, fuel, & third-party systems
- ✓ **Everything in FleetCheck Driver plus** collision management, policy sharing, push notifications, fuel receipts, & mileage capture via the app
- ✓ **See what really matters** through easy customisation of alerts, fields, & tables

Large fleets with specific requirements

FleetCheck Enterprise

Everything in Professional, with a dedicated service layer built around how your organisation operates - custom integrations, bespoke workflows, & a dedicated team built around the specific needs of your operation.

Price on application

- ✓ **Dedicated account management** with a hands-on approach that adjusts at your unique requirements
- ✓ **A strategic partner** invested in your outcomes, that can anticipate your needs
- ✓ **Bespoke onboarding & implementation** to ensure smooth running from the get-go
- ✓ **Create custom integrations** with existing systems & data providers
- ✓ **Direct access to executive expertise** when you need it
- ✓ **Enhanced SLAs** so data received always meets your agreed standards

Every driver legal to drive

FleetCheck LicenceAssured

Real-time DVLA licence checking that protects your business against the risk of unlicensed drivers on the road. Use it standalone or integrated with any FleetCheck product.

£3.50 per check

- ✓ **Never be caught out by a driver** with an invalid licence - real-time DVLA data keeps you one step ahead
- ✓ **Never miss an expiry or revocation**, with automatic alerts flagging licence issues before they become a problem
- ✓ **Automatically monitor high-risk drivers** more frequently, so you're reducing your risk
- ✓ **Full audit trail** protecting you against fines, prosecution, & financial exposure
- ✓ **No longer chase** driver mandates, with mandate signatures handled via the FleetCheck Driver app
- ✓ **Save time** by reducing licence checking from 21 mins to 1 minute per driver

The dashboard is divided into three main sections. The 'Drivers' section shows 02 unchecked drivers and 11 medium risk drivers. The 'Licences' section shows 01 photocard expired and 00 photocard expiring. Below these is a 'Driver endorsement card' table.

Driver endorsement card				
Name	Employment	Offence code	Offence desc.	Date
Andy David	Employed	SP30	Exceeding speed limit	07/09/2025
Joe Wilson	Agency staff	SP50	Exceeding speed limit	11/04/2025

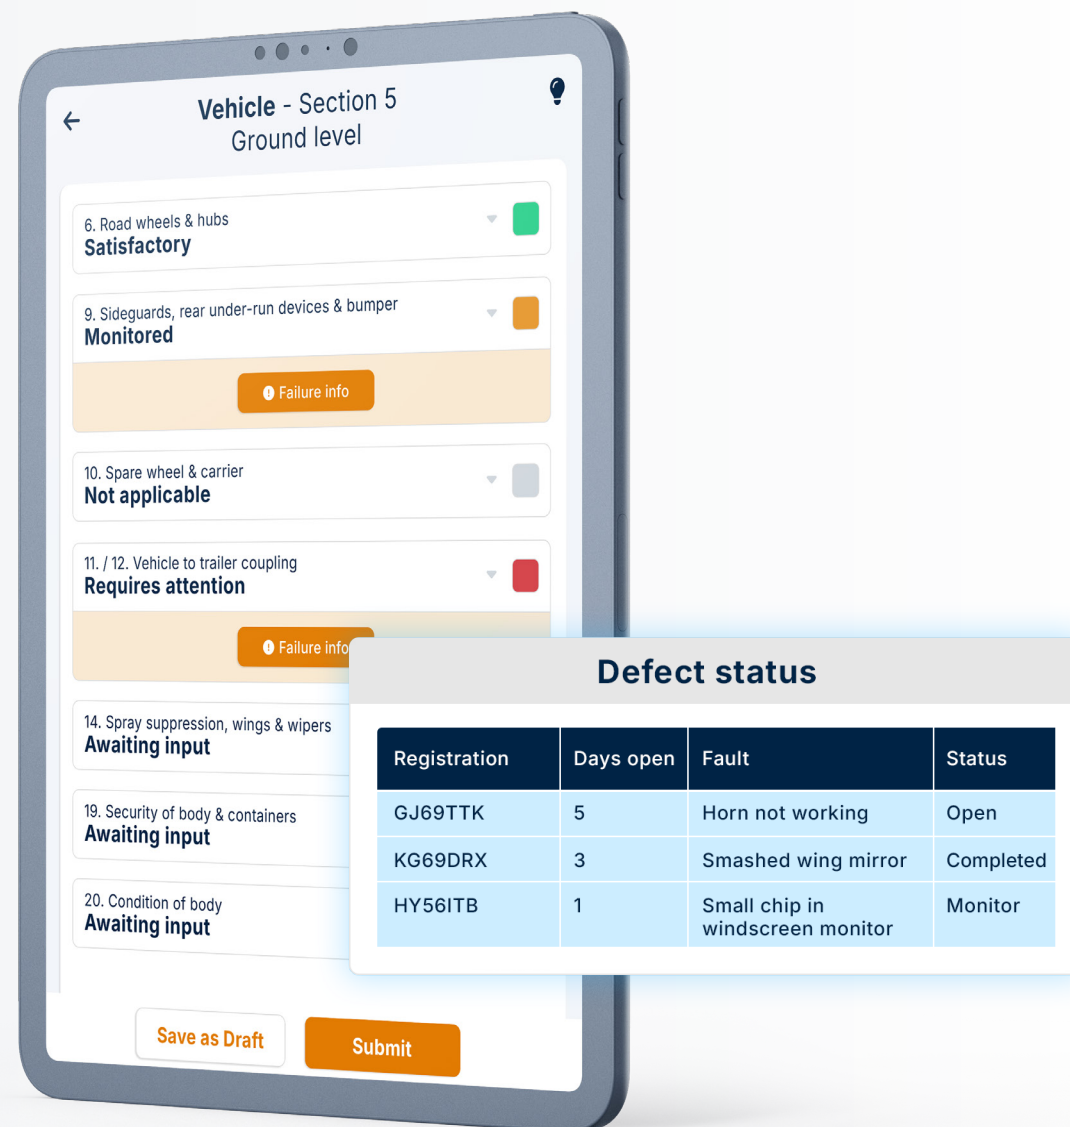

Paperless PMI inspections

FleetCheck Technician

Gives technicians a seamless way to plan, carry out, & record DVSA safety inspections, & transport managers real-time visibility of every defect, check, & repair.

£1 a month per vehicle/trailer

- ✓ **No more running across the yard** or deciphering handwritten sheets, as inspections are carried out on a device with photos, notes, & signatures
- ✓ **Work is planned before** the vehicle even comes in; technicians see driver-reported defects the moment they're approved
- ✓ **Nothing falls through the gap** between workshop & fleet manager, with defects closed digitally & automatically updated in FleetCheck
- ✓ **Reduce VOR** by coordinating jobs & bringing maintenance dates together
- ✓ **Always - audit ready** with every PMI, defect, & repair stored securely for a minimum of 15 months
- ✓ **Integrates with FleetCheck Professional** for full fleet visibility

Built for FORS operators

FORS FMS

The only FORS-approved fleet management platform & walkaround check app, built for complete control & audit-ready compliance across Bronze, Silver, & Gold.

- ✓ **Centralise all your FORS** audit evidence in one place
- ✓ **Obtain & maintain** Bronze, Silver, & Gold accreditations
- ✓ **Up-to-date driver training** records available via FORS API
- ✓ **Real-time reporting dashboards** specific to FORS requirements
- ✓ **Record & manage** driver medical checks to meet FORS D6 requirements
- ✓ **Meet FORS D1** licence checking requirements with FleetCheck LicenceAssured, available at 50% off for FORS operators

DVSA reporting KPIs

Earned Recognition

A built-in KPI dashboard tracks your Earned Recognition performance across every maintenance activity, whether you're working towards the scheme or already part of it.

- ✓ **At no additional cost**, Earned Recognition is built into FleetCheck Professional as standard
- ✓ **Always aligned to ER rules**, inbuilt default settings manage tacho durations, VU download periods, & VOR backdating automatically
- ✓ **No manual reporting to DVSA** as your ER dashboard is automatically submitted on schedule
- ✓ **No surprises on submission day** with a test report sent to your transport manager two weeks before
- ✓ **See exactly where you stand** against your KPIs, defect rectifications, MOTs, inspections, & more in one dashboard

Testimonials

What our customers say

FleetCheck is our primary source for compliance data. Since using it, we've eliminated unexpected VORs & are now **working towards Earned Recognition** – FleetCheck is key to helping us achieve this.

Saad Miah | Fleet Coordinator | London Borough of Tower Hamlets

“ We're achieving a strong **FNOL rate of around 79%**, helped by drivers having access to support information & the ability to report directly through the FleetCheck app. Our motor insurers consider us best in class. ”

Yvonne Cannon | Fleet Manager | SMS Energy

“ I think a compliance tool is probably doing FleetCheck an injustice...It's such an integral part of running a fleet. It's my day-to-day go to. **My Bible** – for want of a better word. ”

Justin Toole | Fleet Manager | M&Y Construction
