FAÇADE AWARDS UK

AWARDS LUNCHEON
THE MANCHESTER DEANSGATE HOTEL
6 NOVEMBER 2026

| THE UK'S DEDICATED EVENT FOR THE FAÇADES INDUSTRY

Brought to you by the publisher of **RCI magazine**, the **Façade Awards UK**, which is now in its seventh year, recognises, rewards, and promotes excellency in the key discipline of façade design and application.

Through promoting the important collaboration between manufacturers and contractors, winning an award is a well-recognised badge of excellence amongst clients and peers.

From the creative and innovative use of products used on a project, to the complexity of the installation and the individuals who have demonstrated high quality across the industry, the Façade Awards UK recognises this through a wide range of categories, which cover all aspects of the sector.

Winning an award is not only an exceptional achievement, but it has proven business benefits for those who enter too. Research has shown that those companies who have made it through to the competitive shortlist process, or who have gone on to win an award, have experienced increased growth and have secured long-term business, after submitting an entry.

This makes the **Façade Awards UK** stand out as a celebration of both the quality of products used and the fine workmanship carried out on a project, while shining a spotlight on the professionalism from individuals who have gone above and beyond what is asked of them.

So, why not join us as we unite and shine a spotlight on all the great aspects of the façades industry, with the possibility that your project may get the attention it deserves!
