# WHO WE ARE

Since 2000, EBS Aftermarket Group has been a leading supplier of components to the commercial vehicle aftermarket industry. Today, the group has a strategic presence in seven countries. Our dedicated team is customer focused, comprised of qualified technical experts who bring this expertise and passion to every area of our business.

As part of our commitment to invest in the continuous search for new products giving our customers an edge in the market, we are pleased to present this publication that shows **167 new product references, across 25 ranges**, which have been added over the last 2 years to our growing catalogue.

EBS carries an unrivalled on-site stock profile offering a fast, reliable and professional service with our UK distribution centre allowing first pick availability of over 90%.

At EBS Aftermarket Group, we specialise in the supply of class leading components, and services, to the global commercial vehicle aftermarket industry. With a focus on quality and innovation, EBS is the brand of choice for our customers and market leading wholesale distributors in over 100 countries.

- **Global sales team** – country specific sales & support
- **Global supply chain centres** – manufacturing/remanufacturing, quality control, product consolidation and logistics
- **Marketing** – private label, promotion material, web portal

# Rigorously Tested Slack Adjusters for Maximised Safety and Reliability

## Premium Quality

- Manufactured to OEM specification
- Intelligent Control Arm (SASA versions)
- High quality strengthened cover plate and fixing screws
- High quality brass bushings
- Grease nipples fitted for ease of lubrication
- Fully branded with EBS part reference for ease of identification and traceability

## Cost Saving

- Competitive pricing
- “Intelligent Automatic Slack Adjuster” with the control arm automatically finding the initial position during the fitment process, reducing set up time and maintenance costs

## Diverse Range

- 300+ references across over 30 vehicle makes
- Available for Truck, Trailer and PSV applications

# REMAN

SAME PART, SAME BENEFITS, BETTER PRICE

**At EBS, we believe lower costs should not mean having to compromise on quality or product reliability.**

Cheap imitations, poorly reworked products, and counterfeit parts are often a false economy for the end user when they fail early.

Our **REMAN** products combine the quality of a new unit with the competitive price of a remanufactured component. This offering from EBS is the perfect fit for customers seeking low cost, reliable repair solutions.

Our **REMAN** Calipers, Compressors and Valves are produced and thoroughly tested in line with our strict in-house procedures, with particular focus on ultimate product reliability and product safety.

## GREENER ALTERNATIVE

Contributing to saving the environment and reducing our carbon footprint

## INSPECTION

Each unit is thoroughly tested and inspected using leading processes and equipment

## BRAKE CALIPERS

Over 80% of internal components are replaced

### BEST QUALITY

Offering high quality, safe remanufactured products that are built to last

### SPECIFICATIONS

All remanufactured products are designed to meet OEM specifications

### CUSTOMER CHOICE

The perfect choice for cost conscious customers, without compromising on quality

## REMANUFACTURING PROCESS

- Old core is sorted and graded. We only recycle components that pass our strict inspection criteria. Non-conforming components are scrapped and recycled where possible.
- Old core is disassembled and inspected further. Once passed it is routed to our surface treatment section.
- Castings are powder blasted, cleaned and coated.
- All products are passed via another quality assurance inspection, ensuring only suitable units enter production.
- Bearings, seals, hardware and other components are always replaced with new parts, regardless of condition.
- Critical dimensions are checked against OE (Original Equipment) specifications.
- Units are assembled by our highly trained technicians.
- Intensive testing is performed on the newly built units and function checks are performed in accordance with OE guidelines.
- End-of-line inspections are performed before product labelling and packaging.
- Product and component quality is strictly monitored throughout.

K057766N00	EBS 7 TWO CHANNEL MODULE	K093192N50	KNORR	ABS & EBS
K110619B90	TEBS TRAILER MODULE G2.2	K110619V04N50	KNORR	ABS & EBS
K136614X00	SINGLE COMPRESSOR (LK3875)	K160983X00	KNORR	Compressors
K157264N00	SINGLE COMPRESSOR WITH CLUTCH SYSTEM (LS3907)	K232500X00	KNORR	Compressors
K173752N00	COMPRESSOR WITH CLUTCH (LS4903)	K166784N00	KNORR	Compressors
N973009A	DONOR UNIT	27.01.5006	DONOR	Trailer Control Valves
R6401950850	REMANUFACTURED CALIPER - PAN19-1 PLUS	R6401950950	EXC-CAL	Calipers
EKWA.61.1	REPAIR KIT (UNLOADER VALVE)	EKWA.61.1A	EBSKITS	Unloader & Governor Valves
9710023040	RELAY EMERGENCY VALVE	9710020200	WABCO	Relay Valves
EBS.9031.2	3 WIRE SENSOR	EBS.9031.3	EBSKITS	Calipers
4410140150	PRESSURE SWITCH	4410141070	WABCO	Sensors
4613152580	FOOT BRAKE VALVE	4613152580.WA	WABCO	Foot Control Valves
30.38.1039	NOX SENSOR - DAF - EURO 6 - AFTER CAT - 590MM ( 1710806 )	30.38.1034	EBS	Selective Catalytic Reduction (SCR)
EKBP.227	BRAKE PAD SET E11 - C/W FITTING KIT - BPW SKH/SKM	EKBP.227.A	EBS	Brake Pads & Accessories
9710028050	RELAY EMERGENCY VALVE (EBS)	9710020250	WABCO	Relay Valves
K012243N00	AIR PROCESSING UNIT (ZB4587)	K043827N00	KNORR	Air Processing Units
14900082204	VOITH COMPRESSOR (LP490 D5 / D11)	14900267210	VOITH	Compressors

# WHY NOT ORDER ONLINE?

## QUALITY, RELIABILITY & VALUE

Designed with precision, each EBS component has been manufactured to OE standards and rigorously inspected and tested to ensure safety and best performance.

### EBS Hub features

- Effective product search
- Browse through a wide range of products
- Individual pricing
- Stock availability
- VOR timer (next day delivery)
- Alternative & linked products
- My account page and many more
