BRANDS WE WORK WITH

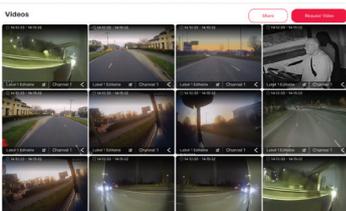

YOUR SAFETY DRIVES US

VEHICLE CCTV

Vehicle CCTV is an essential part of any modern fleet, helping to ensure your business and employees are protected from both potential accidents and costly insurance claims. Parksafegroup's Vehicle CCTV solutions offer multi-camera recording, live-view capabilities and driving aids to improve safety and deter theft.

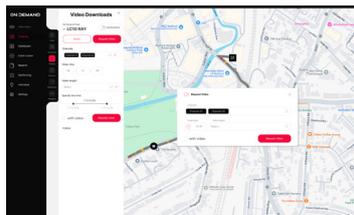

LIVE VIDEO

Easily view live video footage with a single click.

Locate your entire fleet in real time & instantly access live footage from the map.

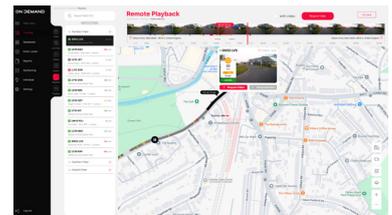

REQUEST VIDEO

Request video footage from up to 12 cameras with just one click.

Customise your request by selecting specific details such as time & duration.

REMOTE PLAYBACK

Remotely view live & historical video linked to specific events.

Easily navigate footage & watch up to 12 camera angles for quick incident reviews.

AUDIBLE ALARMS

PROTECTING ROAD USERS WITH **VEHICLE WARNING ALARMS**

Parksafe Group's range of vehicle warning alarms are expertly designed to alert pedestrians, cyclists, and other vulnerable road users when a vehicle is operating nearby. Ideal for Vans, Light Commercial Vehicles, and Fleet Operators, these alarms deliver a clear audible warning helping to reduce the risk of collisions in busy, low-visibility, or high-risk environments.

We offer a variety of audible alarm types, including:

- ✓ Reverse alarms (white noise or traditional "beep beep" sounds)
- ✓ Tailored alerts such as "Tail lift in operation"
- ✓ Bespoke messages, fully customisable to your needs.

With Parksafe Group, you can ensure your safety alerts are not only effective but also suited to your operating environment and audience.

POWER MANAGEMENT

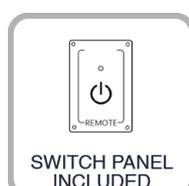

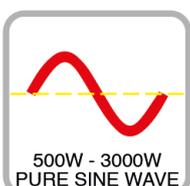

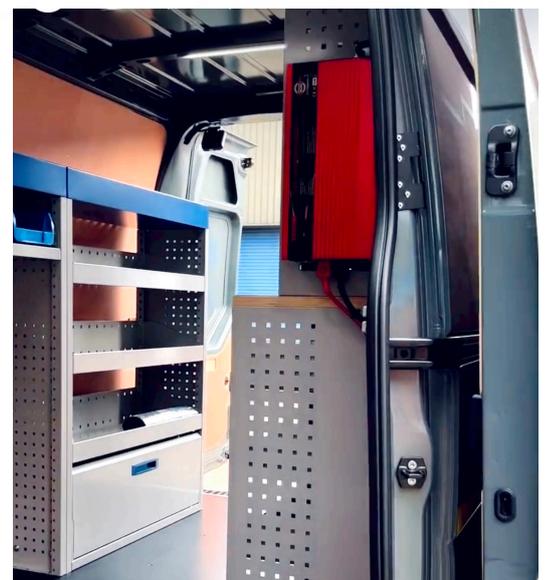

RELIABLE POWER ON THE GO FROM 500W - 3000W

Parksafe Group provides a range of Power Inverters, B2B Chargers and Split Charge Relays. These must-have accessories are an integral addition to any efficient and reliable van setup.

Giving you access to reliable power wherever your journey takes you – no mains connection required.

Simply connect the Power Inverter to your vehicle's battery and power a wide range of everyday appliances right from your van. Whether it's a quick tidy-up or a deep clean after a long day on the job, our inverters allow you to charge your tools directly from your vehicle - meaning you're always ready for the next task.

Parksafe Group's Power Management solutions provide portable, dependable power - whenever and wherever you need it.
