

PARTNER WITH US FOR OPTIMALLY DESIGNED MASTERBATCHES AND POLYMER COMPOUNDS

- ➔ Export to over 35+ Countries
- ➔ 3 Decades of Expertise
- ➔ Government Recognised 2 Star Export House
- ➔ Tatva knowledge Center, Government Approved R&D Center
- ➔ India's First AEO Level 3 Certified Masterbatch Manufacturer

ABOUT US

Who We Are & What We Do

Established in 1995, JJ Plastalloy has become a global leader in Masterbatches and Polymer Compounds.

Values

Humility

Adaptability

Integrity

Hard Work

Vision

To make plastics more beautiful, functional, environment friendly and preferred material through innovation, globally

Mission

We strive to deliver optimally designed and priced masterbatches & thermoplastic compounds to our customers, consistently

BUSINESS VERTICALS

Our Expertise in the Industry

Manufacturing of Masterbatches

Black, White, Colour, Additive Masterbatches

Distribution of Polymers

Official distributor of GAIL India Polymers for UP & Uttarakhand

Manufacturing of Thermoplastic Compounds

EPC & PPC, Nylon, SAN, PBT, PP, PC/ABS (Compounds)

GLOBAL PRESENCE & WAREHOUSING

Expanding Worldwide

» Global Footprint

Exporting to 35+ countries across 5 continents.

» Warehousing & Distribution Hubs

- India: Factories at Dahej, Gujarat (West) & Varanasi, UP (North)
- UAE: New warehouse for faster delivery & local support
- Close Proximity to port

» Strategic Advantages

- Efficient supply chain logistics
- Pan-India & International Sales Network for faster deliveries

LEADERSHIP & MANAGEMENT TEAM

The Pillars of Our Success

Jagdish Jhunjunwala
(Founder & Chairman)

Visionary behind JJ
Plastalloy's success.

Shivam Bansal
(Director)

Driving innovation, global
expansion and partnerships.

MANUFACTURING CAPABILITIES & INFRASTRUCTURE

A Look Inside Our Facilities

» Production Capacity

- 65,000 MT per annum, equipped for large-scale production

» Advanced Machinery & Technology

- Twin-Screw Extruders, Pelletizers, Loss-in-Weight Feeders for precision manufacturing

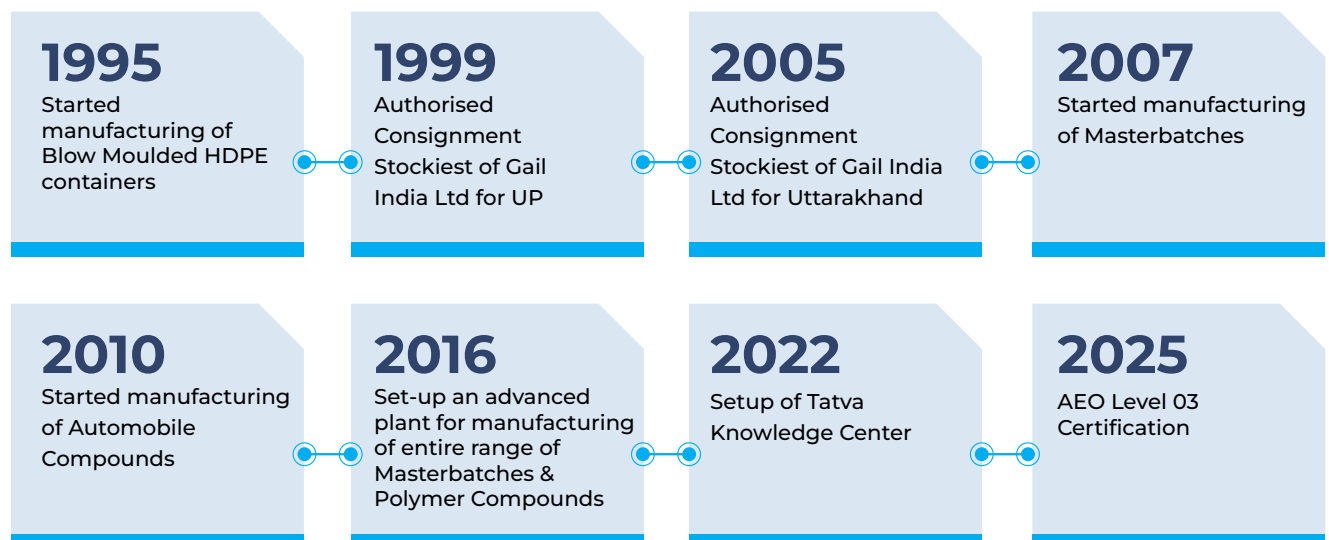

» Stringent Quality Control

- Inline testing & high-end quality assessment equipment.

Our Certification

- AEO Level 3 Certified
- ISO 14001:2015
- ISO 45001:2018
- BIS Certificate
- Two Star Export House
- IATF 16949: 2016
- ISO 9001:2015

Our Journey

TATVA KNOWLEDGE CENTRE

Our Research & Development Lab

1. Conceiving new ideas
2. Foreseeing diverse type of customer challenges
3. Enabling value creation using optimal solutions
4. Product Validation
5. Continuous learning and training imparted to Human Resource

INDUSTRIES CATERED

Masterbatches for Performance Enhancement

Applications:

- ▶ Automobile
- ▶ Electronics
- ▶ Medical
- ▶ Mono & Multilayer Films
- ▶ Ropes
- ▶ Household Products
- ▶ Plastic Toys
- ▶ Hygiene Products
- ▶ Garbage Bags
- ▶ Appliances
- ▶ Textiles
- ▶ Packaging
- ▶ Recycling
- ▶ Consumer Goods
- ▶ Packaging Industry

Masterbatches for Agriculture

Applications:

- ▶ Agri Films
- ▶ Drip Pipe
- ▶ Mulch Films
- ▶ Tree Guard
- ▶ Poly House
- ▶ Green Shed net

Masterbatches for Plastic Packaging

Applications:

- ▶ Blow Moulding
- ▶ Injection Moulding
- ▶ Pet Bottles
- ▶ Non Woven
- ▶ Garbage Bags
- ▶ Thermoforming
- ▶ Raffia/Woven Bags
- ▶ Multilayer/Monolayer Films

Masterbatches for Infrastructure

Applications:

- ▶ Water Tanks
- ▶ Ropes & Cordages
- ▶ Pond Liner Tarpaulin
- ▶ HDPE Pipes | PRP Pipes
- ▶ Geo Membrane | GEO Textile
- ▶ Cross Laminated Tarpaulin
- ▶ Double Wall Corrugated Pipes (DWC)

Compounds Industry Catered

Automobiles Sector: Interior Application | Exterior Application | Under The Hood Application

Home Appliance: Mixer Grinder | Air Cooler | Air Conditioner | Water Heater

Electrical Application: MCB | Electrical Switches | Electrical Holders

Irrigation Filter & RO

Textile

Engineering Goods

Masterbatches & Polymer Compounds For Every Need

Our Offerings

- White Masterbatches
 - Black Masterbatches
 - Colour Masterbatches
 - Additive Masterbatches
 - UV Masterbatches
 - Desiccant Masterbatches
 - Flame Retardant Masterbatches
 - Mono Pigment Concentrates
 - NIR Masterbatches
 - Modifier Masterbatches
 - Calcium Carbonate Masterbatches (For PP, PE & PS)
-

Performance Masterbatches

- Polymer Processing Aid Masterbatch (PPA)
 - Slip Masterbatches
 - Antifog Masterbatches
 - Anti Block Masterbatches
 - Optical Brightener Masterbatches
-

Protective Masterbatches

- Vapour Corrosion Inhibitor
 - Antimicrobial Masterbatches
 - Conductive Compounds
 - Anti-Static Masterbatches
-

Compounds Product Range

» Nylon 6 Compounds

- Glass Reinforced Nylon 6 Compounds
- Glass + Mineral Reinforced Nylon 6 Compounds
- Flame Retardant Nylon 6 Compounds
- Thermally Stabilised Nylon 6 Compounds
- Glass Reinforced FlameRetardant Nylon 6 Compounds
- Glass Reinforced ConductiveCompounds

» PP Compounds

- Glass Reinforced PP Compounds
- Talc Filled PP Compounds
- High Impact Unbreakable PP Compounds
- Flame Retardant PP Compounds
- Scratch Resistant PP Compounds
- UV Stabilised PP Compounds
- Flame Retardant PP Compound for EV Battery Parts
- Pre Coloured PP Compounds

504, Savoy Chambers, 5th floor, Santacruz West, Mumbai - 400054, India.
