

Sublimation, reinvented.

Digital sublimation on glass — where the boldest brands come for unlimited design freedom.

360°

full-body decoration, neck to base

1200 dpi

HD photographic quality

30 min

from file to physical sample

4,000

units per hour at scale

Speed to market

From digital file to decorated sample in 30 minutes, on the same line as your production run. What you see is what ships.

Total design freedom

Unlimited colours, gradients and micro-detail on any shape — even the most complex flacons. Artwork and text in a single application.

Sustainable by design

Water-based coatings, organic inks, zero heavy metals. No sleeve, no label, no film: the decorated bottle stays 100% recyclable.

TRUSTED BY

Trusted by the world's leading groups in spirits, perfumery and home fragrance

HOW WE WORK

01

Brief & concept

Feasibility assessed within 24 hours.

02

30-min prototype

Digital file to physical sample, on the production line.

03

Iterate freely

Colours, coverage, finishes — every revision is free.

04

Production

5,000 to 1,000,000 units at 4,000 per hour.

ONE CANVAS, FOUR SECTORS

Perfumery

Niche maisons to global fragrance houses.

Spirits & Wine

Limited editions, premium lines, mass market.

Home Fragrance

Candle jars, diffusers, seasonal collections.

Food & Beverage

Premium water, olive oil, gourmet.

SUSTAINABILITY

0

plastic on the finished bottle — no sleeve, no label, no film

100%

recyclable — nothing to separate

H₂O

water-based coatings, organic inks, zero heavy metals

CO₂ = 0

net Scope 1–3 since 2023, Up2You certified
