Tork helps you meet high service level demands and improve employee efficiency

Achieve high service levels

- Tork products are designed for specific and high-precision tasks, including low-linting applications or antistatic applications in paint booths
- Tork wipers are absorbent and work well with various solvents

Improve efficiency

- Tork systems save time through convenient dispenser placement and easy access to cleaning solutions
- Maintenance and repair processes could be more efficient with the right selection of Tork wipers for wiping, cleaning and polishing tasks

For achieving high service levels, Tork wiping and cleaning solutions are professional tools designed to make tasks more efficient.

For improving employee productivity, Tork solutions are consistent in size and material and can be placed in convenient dispensers where they are frequently needed.

For maintaining good hygiene, Tork offers a full assortment of easy to use, cost-efficient hygiene solutions for customers and employees throughout facilities.

No.1: Mechanical Repair and Maintenance Areas

Wipe down hands, tools and dismantled parts during repairs. Remove grease, oil and hydraulic fluids to maintain a clean and safe work environment.
